## Street Sweeping Collection Guidelines

Milpitas residential streets are swept twice monthly to keep our streets beautiful and storms drains clean and unobstructed. For effective street sweeping, there are a few very important guidelines to remember on your sweeping day:

- Keep cars off street 7 AM – 5PM on sweeping day so debris can most effectively be removed.
- Use your green yard trims cart for large amounts of organic material such as leaves, branches, plants and grass clippings. **The sweeper can only remove piles less than 3 inches tall and 12 inches (1 foot) wide.**
- Have extra yard trims that don't fit in your cart? No problem. Use your own 32-gallon can! Call **Republic Services** at **408-432-0444** for an "Extra Yard Trims" decal, which must be placed on the can, then set out next to your green cart on collection day.
- Know your street sweeping day:

## Recycle Household Hazardous Wastes in Milpitas on June 27

Properly dispose of paints, polishes, batteries, clog removers, poisons, pesticides, solvents, chemicals, propane / oxygen tanks, smoke detectors, thermometers, prescription drugs and sharps. Visit **www.hhw.org** or call **408-299-7300** for more information and a free drop-off appointment.

Make sure toxic waste from electronics, batteries and fluorescent lighting does not end up in our landfills and waterways!

Check out e-waste centers in Milpitas:

## Styrofoam Recycling Drop-off!

Sorry, Styrofoam cannot be recycled at your home or office. This material must be segregated and requires special handling. Packaging peanuts can be taken to mail service stores for reuse. One quick drop-off keeps Styrofoam out of the landfill!

Recycle Styrofoam in the forms of molded blocks and food containers at the **Newby Island Resource Recovery Park** located at **1601 Dixon Landing Road**. Drive to the Recyclery scale house inside the park for directions to the drop-off containers. Be sure to follow these simple guidelines:

- Make sure molded blocks and food containers are labeled with PS 6.
- Food containers MUST be clean and rinsed.
- Place molded blocks and food containers in separate bags.
- Bags must be clear and tied at the top.
- No straws, lids, plastic wrap or trash.
- No packaging peanuts.
- No foam insulation.

## Multi-Family Complexes – Recycling & Garbage Collection

Apartments, condominiums, and four-plexes generally use shared recycle bins or carts and garbage bins. Please report overflow problems and recycling contamination to your property manager or contact **Republic Services** at **408-432-0444**.

Residents and property owners may also contact a Republic Services Recycling Representative at 408-586-2268 for multi-language brochures and posters.

## Single-Family & Duplex House – Recycling & Garbage Collection

Set out recycling and yard trims carts and garbage carts on the street, wheels against the curb, near your home before 6 AM on your collection day. Set-out 32-gallon extra yard trims and garbage cans at the curb, but not on the street.

Place flattened cardboard inside your recycling cart; if cart is full, then place sized-to-fit cardboard neatly next to your recycling cart. Used motor oil may be set out for collection in required jugs at the curb, not on the street. Milpitas residents may obtain used motor oil jugs at fire stations.

Please do your part to conserve our planet's resources and always recycle. Visit the City of Milpitas, Residential Recycling webpage:
