PRESS RELEASE

Safe Kids Acknowledges Officer Kraft

The Milpitas Police Department works in partnership with the local chapter of Safe Kids USA. Together, we strive to prevent injuries to children and their families by conducting car seat safety inspections. The Milpitas Police Department has officers certified through Safe Kids as Child Passenger Safety Technicians.

The Milpitas Police Department offers car seat inspections by appointment as a free service to the public. A certified technician can inspect your car seat to determine if it meets current safety standards and to ensure it is installed properly. Families can then rest assured that their young loved ones are properly fitted and traveling safely in their car seats.

On November 16, 2010, the Safe Kids coordinator of Santa Clara County and San Mateo County acknowledged Milpitas Police Officer Dennis Kraft as the top car seat technician for 2010. During this year, Officer Kraft has remained very dedicated to the program at the Milpitas Police Department and has completed 140 car seat inspections so far.

If you are interested in learning if your car seat is the right size for your child and if it is properly installed, please call the Milpitas Police Department at 586-2400 to schedule an appointment. Day and evening appointments are available. The Milpitas Police Department is also proud to offer this free service in Spanish and in English.
