PRESS RELEASE

POLICE AND COMMUNITY EDUCATION SEMINAR

Date: April 13, 2011
Location: Milpitas Police Department
Details: PACES Kick Off 2011

The 2011 PACES (Police And Community Education Seminar) Citizens Academy commenced on 4-14-11. The class was very enthusiastic about learning more about crime prevention methods and asked a variety of questions about the operation of the police department. The first session topics included a presentation from a Police Dispatcher as well as a Detective from the Investigations Bureau. The class was comprised of community members and city volunteers.

The ultimate goal of the PACES program is to give citizens a better understanding of the Police Department and help improve the partnership with our community.

Chief Dennis Graham and Commander Pang were present to welcome the participants to the program. Attached is a photo taken of the class on their first day of instruction.

If you are interested in participating in the PACES program, another seminar will be held in 2012. Please contact Officer Qureshi if you would like more information on future seminars.
