PRESS RELEASE

Click It or Ticket to Boost Seat Belt Use – Day and Night

As motorists take to the roads this Memorial Day holiday, the Milpitas Police Department is urging everyone to buckle up. Our officers will be lending their support to the 2013 national *Click It or Ticket* seat belt law campaign and looking for motorists who are not belted.

“As the start of the busy summer driving season approaches, it is important to remind everyone to buckle up whenever driving or riding in a car regardless of how short or long the trip might be and regardless if it is at daytime or nighttime,” said Chief Steve Pangelinan. “Our officers are prepared to ticket anyone who is not wearing a seat belt.”

According to the U.S. Department of Transportation’s National Highway Traffic Safety Administration (NHTSA), **52** percent of the **21,253** passenger vehicle occupants killed in 2011 were not wearing their seat belts at the time of the crash. Deaths involving seat belt non-use are more prevalent at night than during the daytime. According to NHTSA, **62** percent of the **10,135** passenger vehicle occupants killed in 2011 during the overnight hours were not wearing their seat belts at the time of the crash.

“Seat belts save thousands of lives every year, but far too many motorists are still not buckling up, especially at night when the risk of getting in a crash is even greater,” said Christopher J. Murphy, Director of the California Office of Traffic Safety. “We want everyone to have a safe summer, but it requires an important step on the part of motorists – clicking that seat belt.”

In 2011, seat belts saved an estimated **11,949** lives nationwide according to NHTSA. While this year’s *Click It or Ticket* campaign runs from May 20 through June 2, officers are out enforcing seat belt laws year-round.
