Disinfection of Potable Water System

Policy:	BDP-PL05
Effective Date:	7/24/2012
Proposed by:	MM
Last Reviewed/ Revised:	05/10/17
Revised by:	BK
Approved By: Gary King Acting Chief Building Official	
	

All new Potable Water Systems shall follow the prescribed method in the code for disinfection of the potable water. 2016 California Plumbing Code section 609.9(1)-609.9 (4)

For clarification purposes, the re-piping of an existing system shall not be considered a new plumbing system. When adding onto to an existing system the “add-on” portion shall not be considered a new system.
