## **BACKGROUND**

In July 1978, the City reviewed and approved a Planned Unit Development (PUD No. 21) for a golf course with an 88 single family subdivision on approximately 195 acres within the east hills of Milpitas called Summitpointe. The Hillside Combining District requires each hillside home to receive review and approval of an 'S' Zone (Site Development Permit) application for architectural review of the home and to ensure compliance with the hillside development standards.

In 1983, an 'S' Zone application was approved for a Single Family Residence within the Summitpointe PUD (LOT 42) for 1609 Country Club Drive. The approval was for a two-story 4,835 square foot home on a 0.34 acre lot.

### ***The Application***

On July 29, 2013, Suresh Hosakoppal submitted an application pursuant to Section 57 of the Milpitas Zoning Ordinance for a Site Development Permit Amendment. The following is a summary of the request:

- *Site Development Permit Amendment:* To evaluate the architecture of the 121 square foot addition for a new laundry room and office conversion per Section 10-45.09 of the Milpitas Hillside Ordinance.

## **PROJECT DESCRIPTION**

### ***Overview***

The project site is located within the gated community to the northeast of the Summitpointe Spring Valley Golf Course in the Milpitas hillside area. The property is a developed .34 acre lot with a 4,835 square foot home, 3,106 square foot lot coverage, and 6,465 square feet of impervious surfaces. The General Plan designates this site as Hillside Medium Density (up to 3 units per gross acre) and the Zoning as Single Family Residential with Hillside combining District. See maps on page two and three of this report.

The applicant proposes to convert the existing laundry room into an office and construct a 121 square foot addition for a new laundry room located at the rear of the home. The parking and landscaping for the site will remain unchanged. No grading is required for the new addition.

***Development Standards***

The table below demonstrates how the project is consistent with the City's Zoning Code.

**Table 1:**  
**Summary of Development Standards**

	<b>Zoning Ordinance</b>	<b>Proposed</b>
<u>Setbacks</u> (Minimum)		
Front	20'	No change
Street Side	5' minimum, 15' in between homes	Proposed Addition is 31' at closest point
Rear	10'	Proposed Addition is 52' at closest point
<u>Size of Main Residence</u> (Maximum)	6,000 sq. ft.	4,835 sq. ft.
<u>Building Height</u> (Maximum)	30' at eave line	Proposed Addition 9' at tallest point
<u>Impervious Surface Coverage</u> (Maximum)	8,000 sq. ft.	6,586 sq. ft.

***Site & Architectural Guidelines***

The existing home resembles a Spanish style home with beige stucco walls, terra cotta trim, and red clay roof tiles. The addition will be finished with the same color, stucco, and roof treatment to blend in with the existing home.

**REQUIRED FINDINGS**

A finding is a statement of fact relating to the information that the Planning Commission or City Council has considered in making a decision. Findings shall identify the rationale behind the decision to take a certain action.

***Site Development Permit Findings (Section XI-10-57-03-1(F) and Section 10-45.09-7)***

- The layout of the site and design of the proposed buildings, structures and landscaping are compatible and aesthetically harmonious with adjacent and surrounding development.*

The style and architectural design of the proposed addition is consistent with the colors and materials used for the existing home and are compatible and aesthetically harmonious with the adjacent and surrounding development. The 121 square foot addition will remove the existing paved area and will not obstruct current landscaping.

2. *The project is consistent with the Milpitas Zoning Ordinance in that:*

The addition is located at the rear of the property, is consistent with the development standards of the Zoning Ordinance as described above. The proposed addition will not obstruct views from neighboring residences in that the building is shorter and smaller in mass than the existing home.

3. *The project is consistent with the Milpitas General Plan, specifically Policy Number 2.a-I-14 in that:*

The addition is consistent with the General Plan in that the property is a part of an approved Planned Unit Development which subdivided lots planned for clustered housing. The addition is located at the rear of the property, designed to match the existing home, and will not obstruct views from neighboring properties.

4. *Avoid unreasonable interference with view and privacy. The height, elevations and placement on the site of the proposed main or accessory structure, when considered with reference to the nature and location of residential structures on adjacent lots, will avoid unreasonable interference with views and privacy.*

The addition is located at the rear of the existing home. Due to the proposed location, the height and placement of the addition will not interfere with neighbors views or privacy.

5. *Preserve natural landscape. The natural landscape will be preserved insofar as practicable by designing structures to follow the natural contours of the site and minimizing tree and soil removal.*

The addition is attached to the main home and will be located over an existing paved patio area and will not remove natural landscaping.

6. *Minimize perception of excessive bulk. The design of the proposed main and/or accessory structure in relation to the immediate neighborhood should minimize the perception of excessive bulk.*

The proposal is for a one story, nine feet tall, 121 square foot addition attached to the existing two story, thirty foot tall home. The addition is located at the rear of the property and will minimize perception of excessive bulk due to the location and size.

7. *Impairment of light and air. The proposed main or accessory structure shall not unreasonably impair the light and air of adjacent properties nor unreasonably impair the ability of adjacent properties to utilize solar energy.*

The proposal for the one story attached addition will not impair the light or air for adjacent property owner due to the size and location of the addition.

8. *Grading. All grading shall be kept to an absolute minimum and shall comply with the grading ordinance criteria.*

The proposed addition is attached to the main home and is 121 square feet. Do to the size and location of the proposed addition, the grading requirement for the new structure is minimal.

### **ENVIRONMENTAL REVIEW**

The Planning Division conducted an initial environmental assessment of the project in accordance with the California Environmental Quality Act (CEQA). The addition for the existing home is less than 50% of the floor area of the home before the addition and therefore qualifies to be categorically exempt from further environmental review pursuant to Class 1, Section 15301(e) for Additions to Existing Structures.

### **PUBLIC COMMENT/OUTREACH**

Staff publicly noticed the application in accordance with City and State law. As of the time of writing this report, there have been no inquiries from the public. The table below provides a summary of the City's public noticing efforts for this project.

### **CITY COUNCIL REVIEW**

Pursuant to Section 10-45.09 of the Hillside Ordinance, after publicly heard at the Planning Commission meeting of December 11, 2013, the application will move forward with the Commission's recommendation to the January 7, City Council meeting.

### **CONCLUSION**

The laundry room addition is located at the rear of the property, is consistent with the development standards, and is aesthetically harmonious with the existing home. The proposal is consistent with both the General Plan and Zoning Ordinance.

### **RECOMMENDATION**

**STAFF RECOMMENDS THAT** the Planning Commission adopt Resolution No. 13-036 recommending the City council approve Site Development Permit Amendment No. SA13-0002 to construct a 121 square foot addition to the existing home and converting the existing laundry room to an office located at 1609 Country Club, subject to the conditions of approval.

**RESOLUTION NO. 13-033**

**A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF MILPITAS  
RECOMMENDING APPROVAL OF SITE DEVELOPMENT PERMIT AMENDMENT  
NO. SA13-0002 TO CONSTRUCT A 121 SQUARE FOOT ADDITION AND OFFICE  
CONVERSION TO A HILLSIDE HOME LOCATED AT 1609 COUNTRY CLUB DRIVE**

**WHEREAS**, in July 1978, the City Council approved a Planned Unit Development (PUD No. 21) for an 88 lot subdivision with a golf course on approximately 195 acres.

**WHEREAS**, in 1983, the City Council approved an 'S' Zone application for lot 42 within the Planned Unit Development No. 21, for the construction of a 4,835 square foot two-story home on a .34 acre parcel located at 1609 Country Club Drive.

**WHEREAS**, on July 29, 2013, an application was submitted by Suresh Hosakoppal, 1609 Country Club Drive, Milpitas, CA 95035 for a Site Development Permit Amendment to convert the existing laundry room into an office and construct a 121 square foot addition for a new laundry room at 1609 Country Club Drive. The property is zoned Single Family Residential with Hillside Combining District.

**WHEREAS**, the Planning Division completed an environmental assessment for the project in accordance with the California Environmental Quality Act (CEQA), and recommends that the Planning Commission determine this project exempt under CEQA.

**WHEREAS**, on November 20, 2013 Staff completed the review of the application, deemed the application complete, and prepared the Staff Report and supporting documents for the December 11, 2013 Planning Commission meeting.

**WHEREAS**, on December 11, 2013 the Planning Commission held a duly noticed public hearing on the subject application, and considered evidence presented by City staff, the applicant, and other interested parties.

**NOW THEREFORE**, the Planning Commission of the City of Milpitas hereby finds, determines and resolves as follows:

**Section 1:** The Planning Commission has duly considered the full record before it, which may include but is not limited to such things as the City staff report, testimony by staff and the public, and other materials and evidence submitted or provided to the Commission. Furthermore, the recitals set forth above are found to be true and correct and are incorporated herein by reference.

**Section 2:** The addition for the existing home is less than fifty percent (50%) of the floor area of the home before the addition and therefore qualifies to be categorically exempt from further environmental review pursuant to Class 1, Section 15301(e) of the CEQA Guidelines (Additions to Existing Structures).

**Section 3:** Any provision of the Site Development Permit, previously called ‘S’ Zone Application, approved by the City of Milpitas in 1983 for the property located at 1609 Country Club Drive not amended by Site Development Permit Amendment No. SA13-0002 shall remain in full force and effect. Additionally, in the event of any conflict or discrepancies between the two documents, Site Development Permit Amendment No. SA13-0002 shall prevail.

**Section 4: Site Development Permit Findings (Section XI-10-57-03(F) ) and Section 10-45.09-7- The Planning Commission makes the following findings based on the evidence in the public record in support of Site Development Permit Amendment No. SA13-0002:**

- 1. The layout of the site and design of the proposed buildings, structures and landscaping are compatible and aesthetically harmonious with adjacent and surrounding development.*

The style and architectural design of the proposed addition is consistent with the colors and materials used for the existing home are compatible and aesthetically harmonious with the adjacent and surrounding development. The 121 square foot addition will remove the existing paved area and will not obstruct current landscaping.

- 2. The project is consistent with the Milpitas Zoning Ordinance in that:*

The addition is located at the rear of the property, is consistent with the development standards of the Zoning Ordinance and described below, and will not obstruct views from neighboring residence in that the building is shorter and smaller in mass than the existing home.

**Summary of Development Standards**

	<b>Zoning Ordinance</b>	<b>Proposed</b>
<u>Setbacks</u> (Minimum)		
Front	20’	No change
Street Side	5’ minimum, 15’ in between homes	Proposed Addition is 31’ at closest point
Rear	10’	Proposed Addition is 52’ at closest point
<u>Size of Main Residence</u> (Maximum)	6,000 sq. ft.	4,835 sq. ft.
<u>Building Height</u> (Maximum)	30’ at eave line	Proposed Addition 9’ at tallest point
<u>Impervious Surface Coverage</u> (Maximum)	8,000 sq. ft.	6,586 sq. ft.

3. *The project is consistent with the Milpitas General Plan, specifically Policy Number 2.a-I-14 in that:*

The addition is consistent with the General Plan in that the property is a part of an approved Planned Unit Development which subdivided lots planned for clustered housing. The addition is located at the rear of the property, designed to match the existing home, and will not obstruct views from neighboring properties.

4. *Avoid unreasonable interference with view and privacy. The height, elevations and placement on the site of the proposed main or accessory structure, when considered with reference to the nature and location of residential structures on adjacent lots, will avoid unreasonable interference with views and privacy.*

The addition is located at the rear of the existing home. Due to the proposed location, the height and placement of the addition will not interfere with neighbors views or privacy.

5. *Preserve natural landscape. The natural landscape will be preserved insofar as practicable by designing structures to follow the natural contours of the site and minimizing tree and soil removal.*

The addition is attached to the main home and will be located over an existing paved patio area and will not remove natural landscaping.

6. *Minimize perception of excessive bulk. The design of the proposed main and/or accessory structure in relation to the immediate neighborhood should minimize the perception of excessive bulk.*

The proposal is for a one story, nine feet tall, 121 square foot addition attached to the existing two story, thirty foot tall home. The addition is located at the rear of the property and will minimize perception of excessive bulk due to the location and size.

7. *Impairment of light and air. The proposed main or accessory structure shall not unreasonably impair the light and air of adjacent properties nor unreasonably impair the ability of adjacent properties to utilize solar energy.*

The proposal for the one story attached addition will not impair the light or air for adjacent property owner due to the size and location of the addition.

8. *Grading. All grading shall be kept to an absolute minimum and shall comply with the grading ordinance criteria.*

**Section 5:** The Planning Commission of the City of Milpitas hereby adopts **Resolution No. 13-036 Recommending the City Council approve Site Development Development Amendment No. SA13-0002 for the office conversion and 121 square feet addition located**

at 1609 Country Club Drive based on the above Findings and subject to the Conditions of Approval attached hereto as Exhibit 1 and incorporated herein.
