

RESOLUTION NO. 16-023

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF MILPITAS APPROVING CONDITIONAL USE PERMIT NO. UP16-0004 TO OPERATE A CHILD CARE FACILITY FOR A MAXIMUM OF 50 STUDENTS IN AN EXISTING COMMERCIAL BUILDING LOCATED AT 1247 SOUTH PARK VICTORIA DRIVE, MILPITAS, CA 95035

WHEREAS, on, April 04, 2016, an application was submitted by Hem Korubilli with Global Village Montessori Inc. to allow for a 4,054 square feet new day care facility located at 1247 South park Victoria Drive (APN 088-36-043). The property is located in the Administrative and Professional Office (CO) zoning district; and

WHEREAS, the Planning Division completed an environmental assessment for the project in accordance with the California Environmental Quality Act (CEQA), and recommends that the Planning Commission determine this project is categorically exempt from further environmental review pursuant to Categorically Exempt from further environmental review pursuant to Section 15301 (Existing Facilities) of the California Environmental Quality Act (CEQA); and

WHEREAS, on June 22, 2016, the Planning Commission held a duly noticed public hearing on the subject application, and considered evidence presented by City staff, the applicant, and other interested parties.

NOW THEREFORE, the Planning Commission of the City of Milpitas hereby finds, determines and resolves as follows:

SECTION 1: Recitals. The recitals set forth above are true and correct and incorporated herein by reference.

SECTION 2: Record. The Planning Commission has duly considered the full record before it, which may include but is not limited to such things as the City staff report, testimony by staff and the public, and other materials and evidence submitted or provided to the Planning Commission.

SECTION 3: CEQA. The project is Categorically Exempt from further environmental review under the California Environmental Quality Act (CEQA) pursuant to Section 15301 (Existing Facilities) as the project consists of the minor alteration of existing private structures and features.

SECTION 4: *Conditional Use Permit (Section XI-10-57.04(F)) - The Planning Commission makes the following findings based on the evidence in the public record in support of Conditional Use Permit No. UP16-0004:*

- a. *The proposed use, at the proposed location will not be detrimental or injurious to property or improvements in the vicinity nor to the public health, safety, and general welfare.*

The proposed child care facility will serve the community by providing additional child care options for residents, and, as designed, will have no detrimental or injurious impacts on the property or improvements in the vicinity of the property. The operation of the facility will be in compliance with all local, state, and federal regulations.

b. The proposed use must be consistent with the Milpitas General Plan

The table below outlines the project’s consistency with applicable General Plan Guiding Principles and Implementing Policies:

Table 1: General Plan Consistency

Policy	Consistency Finding
<p><i>Policy 2.a-1-33: Encourage the establishment of daycare facilities consistent with State standards, including the issuance of use permits for a large daycare facility where compatible with surrounding neighborhoods and commercial uses, particularly in public facilities such as community centers, churches, and schools and in employment centers and large housing developments.</i></p>	<p>Consistent. The project is consistent with this finding because it will offer child care facilities that, as a Condition of Approval, will be required to comply with all local, state and federal regulations. The project is located in a commercial area surrounded by residential uses, which will provide the community with a service to serve their needs.</p>
<p><i>2.aI-7 Provide opportunities to expand employment opportunities in partnerships with local businesses to facilitate communication, and promote business retention</i></p>	<p>Consistent. The project would provide employment opportunities and revitalization of the commercial center by replacing a vacancy with a use that would be complementary to existing uses within the center.</p>

c. The proposed use must be consistent with the Milpitas Zoning Ordinance.

The proposed day care center conforms to the Milpitas Zoning Ordinance in that the use is a conditionally permitted use in the Administrative and Professional Office (CO) district and complies with the development standards and parking requirements. The project does not propose any exterior building modifications and the construction is limited to the interior of the building.

Indoor Play Area

The child care center will be operated as a part-time facility. The Department of Social Services (DSS), grants a waiver to operate a part-time child care center without an outdoor play area, however, it requires an increased indoor area. For a child care facility with outdoor play area, the number of students is calculated as 35 square feet per child, whereas, without an outdoor play area the number of students is calculated as 60 square feet per child. Considering the calculations for 60 square feet per child, the applicant will be enrolling no more than 50 students in the child care center for each part-time session. This allows them to be eligible for the waiver from DSS

for the outdoor play area, which they will be required to apply after the construction is completed.

Table 2 demonstrates the project's compliance with the Zoning Code parking standard per *Section XI-10-53 Off-Street Parking*.
