Mary Lavelle
Milpitas City Clerk
City of Milpitas
455 E. Calaveras Blvd.
Milpitas, CA 95035

Dear Mary:

Attached is the application for an Entertainment Event Permit and supporting materials for Circus Vargas to conduct performances at Great Mall in Milpitas July 10-14, 2008.

In addition to the application, we would like to request to waive Milpitas Municipal Code I-5-4.01, to allow for more than one event within a 30-days period.

The filing fee will be put in the mail to you today so you should receive it shortly.

Also, for your knowledge, I already met with Tiffany in the planning department as well as the Fire Marshall so I was able to answer questions and provide information to both of them.

Please let me know if there is any other information you need.

Thank you very much.

Mark Landon

Circus Management provides in-house security guards. Management carries cell phone in case of 911 Emergency

Circus Vargas is completely self-contained. The show has a double generator system. If the main generator shuts down, the back up generator automatically turns on. A source of water is usually provided to the circus by the venue on which the circus conducts business.

Circus Vargas rents porta-potties from local sanitation companies.

Since Circus Vargas is a family show and attracts primarily families, in-house security is normally sufficient to provide appropriate crowd control. The security can use cell phones to contact local law enforcement if the need exists.

Since Circus Vargas is a family show and attracts primarily families, in-house security has been sufficient to provide appropriate crowd control. Since there is nothing to see other than the show itself, there are no people just loitering in the area. Crowds come at show time, enter the enclosed midway area and take their seats. After the show there is nothing else to see so they exit to their cars.

Many of the things that attract or encourage trouble or the necessity for police intervention will not be present at Circus Vargas. Alcohol will not be sold or served and there are no games of chance or mechanical rides. While a carnival attracts ages 12 - 22, a prime age for those who cause trouble, Circus Vargas attracts children of elementary school ages or younger along with their parents and grandparents.

Circus Vargas has it's own security team consisting 8 uniformed (unarmed) security personnel (includes 1 head of security). The uniforms consist of matching Circus Vargas shirts and pants. This low key approach to security maintains the atmosphere of family fun. If requested, the security team can wear uniforms that identify them as security.

All security will be scheduled one hour before each performance and stay 30 minutes after the performance. Security personal will be stationed both inside and outside the tent as well as next to the ticket booth and in the parking area. Attached is a layout of the approximate area in which the security personnel will be stationed.

Security Plan Page 2

Security Personnel will have access to walkie-talkies for communication between themselves in addition to cell phones that can be used to call additional personnel as well as local police or fire, if it becomes necessary.

In addition to the security officers, a closed circuit video security system monitors the inside of the ticket booth, where money is handled, as well as the midway area and the area in front of the ticket booth. This video system is attached to a recording device that can be used to have a record of events.

Further, the layout of the Circus Vargas tent has more exists than are required by California State Codes and the total number of feet on those exists also exceeds state requirements. Further, the exiting on this tent was designed for up to 2,500 seats. Circus Vargas only sets up 1,500 seats and we expect an average attendance of 300-500 people per show in, making the exiting far more than needed.

All requirements for aisles, lighting, electrical, generators, fire extinguishers and other safety issues are met or exceeded by Circus Vargas. In case of emergency, the exits lead to the fire lane, which is always kept unobstructed, making an easy path of escape for patrons.

Circus Vargas is expecting inspections by the local Fire Department as well as the local animal control, the city building department (if required) and the County Health Department. This will assure that we are meeting all those requirements for public safety.

Circus Vargas has trained first aid staff on site along with a first aid station.

Finally, Circus Vargas will enclose its operations by surrounding the area with vehicles and trucks so that no other vehicle can run into the tent and the people at the show.

Since the current ownership of Circus Vargas has been in place for the last three years, there has not been an incident that required police or fire response. Yet, without the police presence, there has never been an incident with Circus Vargas using its own security.

2008 Show

Interactive Pre-show hosted by reality TV personality, from The Amazing Race, Jon Weiss. Kids of all ages will try their hand at juggling, balancing & much more in this crash course of skill and stamina!

Overture: The entire Circus Vargas cast on parade!

MEMORANDUM

DATE: June 4, 2008
TO: Mary Lavelle, City Clerk
FROM: Jaime Garcia
CC: Patricia Joki, Albert Zamora
SUBJECT: CIRCUS VARGAS @ THE GREAT MALL (outdoors event – south end of mall)
447 Great Mall Drive
Outdoors – July 10-14, 2008

The Fire Department has the following comments for the applicant(s):

PERMIT REQUIREMENTS and FIRE PROTECTION

1. Tents and membrane structures having an area in excess of 200 square feet (19 m²) and canopies in excess of 400 square feet (37 m²) shall not be erected, operated or maintained for any purpose without first obtaining a permit and approval from the fire code official. Multiple tents or canopies adjacent to each other are calculated as a single unit. California Fire Code, Section 2403.2, amended by MMC V-300-2.42
2. **A fire department permit shall be filed with the Milpitas Fire Prevention Division a minimum of two weeks prior to the event. A Fire Prevention Division application and the appropriate drawings (three sets) shall be filed for each event.**
3. **No approval is granted for outdoors fair or carnival with this review.**
4. Fire apparatus access road with an unobstructed width of not less than 20 feet and an unobstructed vertical clearance of not less than 13 feet 6 inches shall be provided. CFC Section 2403.8.1
5. Temporary membrane structures, tents and canopies shall not be located within 20 feet of lot lines, buildings, other tents, canopies, or membrane structures, parked vehicles or internal combustion engines. For the purpose of determining required distances, support ropes and guy wires shall be considered as part of the temporary membrane structure, tent or canopy. CFC Section 2403.8.2
Exception: Separation distance between temporary membrane structures, tents and canopies, not used for cooking, is not required when the aggregate floor area does not exceed 15,000 square feet.
6. Temporary membrane structures, tents, and canopies and their appurtenances shall be adequately braced and anchored to prevent weather-related collapse. Documentation of structural stability shall be furnished to the fire code official upon request. CFC Section 2403.9
7. Provide fire extinguishers as follows (CFC 2404.12):
One fire extinguisher (2-A:10-B:C) per 3,000 square feet or within 75 feet travel distance from any-point within event area.

8. Cooking and/or heating equipment shall not be used within the tent.
9. Tents where cooking is performed shall be separated from temporary membrane structures, other tents and canopies by a minimum of 20 feet. CFC Section 2404.15.5
10. Outdoor cooking that produces sparks or grease-laden vapors shall not be performed within 20 feet from a temporary membrane structure, tent or canopy. CFC Section 2404.15.6
11. LP-gas containers shall be located outside. Safety release valves shall be pointed away from the tent, canopy or membrane structure. CFC 2404.16.2
12. Flammable-liquid-fuel equipment shall not be used in temporary membrane structures, tents, or canopies. CFC Section 2404.17.1
13. Flammable and combustible liquids shall be stored outside in an approved manner not less than 50 feet from temporary membrane structures, tents, canopies, or event area. Storage shall be in accordance with Chapter 34. CFC Section 2404.17.2
14. Generator(s) and other internal combustion power sources shall be separated from temporary membrane structures, tents and canopies by a minimum of 20 feet and be isolated from contact with the public by fencing, enclosure or other approved means. Provide a fire extinguisher (minimum 40B:C rating) at each generator location, CFC Section 2404.19. See section below for additional requirements for generators.
15. The owner or agent shall file with the fire code official a certificate executed by an approved testing laboratory certifying that the tents; canopies and membrane structures and their appurtenances; sidewalls, drops and tarpaulins; floor covering, bunting and combustible decorative materials and effects, including sawdust when used on floors or passageways, shall be composed of material meeting the flame propagation performance criteria of NFPA 701 or shall be treated with a flame retardant in an approved manner and meet the flame propagation performance criteria of NFPA 701, and that such flame propagation performance criteria are effective for the period specified by the permit. CFC 2404.2
16. Provide a trained fire watch person at a ratio of one fire watch person for every 250 event attendees. Fire watch personnel shall not have any other event duties. CFC Section 2404.20
17. Smoking shall not be permitted in any temporary membrane structure, tent or canopy, or in any adjacent areas where hay, straw, or any other combustible materials are stored or used unless approved by the fire code official. Approved "NO SMOKING" signs shall be conspicuously posted. CFC Section 2404.6
18. Vehicles (or any other internal combustion engines, exception for generators that are part of permit) are not permitted within the event area.
19. Should there be a fence, deployed surrounding the event area, the following condition applies. Adequate access into and out of the fenced area shall be approved by the Fire Inspector - Fire Department Access as well as Patron & Employee Access. NOTE: Approved signage shall be installed identifying the above accesses.
20. Exit openings from tents shall remain open unless covered by a flame-resistant curtain as follows (CFC Section 2403.12.3):
 - Curtains shall be free sliding on a metal support. The support shall be a minimum of 80 inches above the floor level at the exit. Curtains shall be so arranged that, when open, no part of the curtains obstruct the exit; and
 - Curtains shall be of a color, or bear markings that will contrast with, the color of the tent.

21. Provide exit signs when exit serves an occupant load of 50 or more, and as needed to indicate clearly the direction of egress. CFC Section 2403.12.6
22. Exit signs shall be of an approved self-luminous type or shall be internally or externally illuminated by luminaries supplied in the following manner: CFC 2403.12.6.1
 - Two separate circuits, one of which shall be separated from all other circuits, for occupant loads of 300 or less; or
 - Two separate sources of power, one of which shall be an approved emergency system, shall be provided when the occupant load exceeds 300. Emergency systems shall be supplied from storage batteries or from on-site generator set, and the system shall be installed in accordance with the California Electrical Code.
23. Exits shall be illuminated with light having an intensity of one footcandle at floor level while structure is occupied. Fixtures required for means of egress illumination shall be supplied from a separate circuit or sources of power. CFC Section 2403.12.7
24. The following fire safety tips shall be observed:
 - Know where fire extinguishers are and how to use them.
 - Remove trash accumulation regularly.
 - Keep combustibles away from heat sources.
 - In case of an emergency dial 9-1-1.

STANDARDS FOR TEMPORARY ELECTRICAL GENERATORS

- I. **General Information**
These guidelines are applicable to the installation of aboveground tanks using combustible liquids as fuel for emergency and standby generators. They apply to both temporary and permanent tank installations. These guidelines are a supplement to other requirements and/or guidelines, and are not all inclusive.
- II. **Tank Design and Construction**
Each tank shall be designed and constructed in accordance with nationally recognized standards (UL 142/2244 or equivalent. UL 2085 is the listing for protected tanks). If it is not UL listed, provide documentation showing that it has been designed and constructed to that standard.
- III. **Tank Location**
Aboveground tanks shall be located in accordance with Table 4.3.2.1.1(a) of NFPA 30.
- IV. **Tank Protection**
Approved means shall be provided to protect tanks subject to vehicle damage.
- V. **Secondary Containment (protected and unprotected tanks)**
Tanks shall be provided with secondary containment.
- VI. **Signage and Labeling**

MEMORANDUM
Planning Division

To: Mary Lavelle
Through: James Lindsay
From: Tiffany Kunsman, Jr. Planner
Date: June 9, 2008
Subject: Application for an Entertainment Permit requesting a Circus at Great Mall

The Planning Division has reviewed the Entertainment Permit for the Great Mall Circus located at the south end of the mall parking lot. This event is approved subject to the following conditions:

1. The circus is permitted to occur from July 10, 2008 – July 14, 2008 during the following hours:
 - Thursday 7:30PM – 10:00PM
 - Friday 4:30PM – 11:00PM
 - Saturday 2:00PM-11:00PM
 - Sunday 1:30PM – 11:00PM
 - Monday 7:00PM-10:00PM
2. The event setup is approved to begin on Monday, July 7, 2008 and tear down to be completed by Tuesday, July 15, 2008 where all area and properties involved shall be restored to their previous condition.
3. The approved event area is limited to Great Mall parking lot as depicted on the site plan.
4. The event shall be conducted in a manner that pedestrian traffic or vehicular traffic does not impede the normal and customary use of the driveways, designated walkways and parking areas adjacent to event area. Handicapped parking facilities, access and pathways outside the event area shall be kept clear and unobstructed.
5. Booths, stages, seats and other structures shall not obstruct pedestrian access and pathways within the enclosed event area.
6. Trash and recycling receptacles shall be provided and maintained throughout the event area. The applicant must contact Allied Waste at (408) 432-1234 for temporary trash and recycling services and bins for the duration of the event. The bins shall be located at the rear of the event site, not visible from public view and not within any pedestrian or vehicular paths. The applicant may need to contact a Shopping Center representative in order to establish a temporary Allied Waste account on the Great Mall property.
7. Applicant shall protect storm drains from accidental discharges by providing site sweeping and clean up on an on-going basis during all hours of operation by the event operator and its employees (Tabares Entertainment) and the property owners of Great Mall, including refuse, debris, spills, and trash pick up by Allied Waste.
8. No off site signage is permitted. Any onsite signage associated with the event shall be limited to circus booth signs and traffic/pedestrian directional signage. Upon cessation the event all associated signage shall be removed and properly disposed of.

9. Appropriate signage at both entrances to the Circus (Great Mall Parkway and Montague expressway) shall be posted to direct vehicle to the event parking area.
10. No "disturbing noise" (*Chapter V-213-3, Unlawful to create or permit disturbing noise*) or amplified music is allowed after 10:00 P.M. on Thursday July 10, 2008 and Monday July 14, 2008 and no "disturbing noise" or amplified music is allowed after 11:00 P.M Friday the 11, 2008 through Sunday the 13, 2008.
11. Any violation of the conditions of approval may result in the revocation of the Entertainment Permit and shall require the event to cease operations immediately.
