MEMORANDUM

Engineering Division

To: Honorable Mayor and City Council
Through: Thomas C Williams, City Manager
From: Greg Armendariz, City Engineer/Public Works Director
By: Steve Erickson, Acting CIP Manager
Subject: **Closure of existing Library and the move to new building**

Date: **October 30, 2008**

At the October 28th, 2008 Library Subcommittee meeting, the County Librarian indicated their desire to continue providing library service to the Milpitas community, at the existing library through Sunday, November 16, 2008. They would then close the existing library and initiate the move to the new library on Monday, November 17, 2008. You may recall the plan was to close the existing library on November 3, 2008. The library move will take six weeks, and would be completed by December 29th. This new move-in schedule will not affect the approved January 5th soft opening and January 10th grand opening dates.

Staff believes this plan will allow for a smoother process with less disruption in that it allows the existing library to remain open an additional two weeks, tremendously benefiting the community. The County will advertise a press release regarding the new closure and move-in schedule.
