

MEMORANDUM

Office of the Mayor

Subject: Deteriorating Conditions on South Main Street

Date: February 24, 2009

I am very concerned about the blighted conditions that exist on South Main Street, specifically, the former Ooh La Lodge, which is both an eyesore and an attractive nuisance. The former Mobile Home Park is also abandoned and appears to be occupied by squatters and is an eyesore. The Aspen project appears to be abandoned and could easily become a code enforcement issue. Graffiti is running rampant in this entire area.

I am asking the City Council to instruct staff to come back to the City Council at our April 7th meeting with a plan on exactly how to clean this area up immediately.

Thank you.
