Dear Sir or Madam:

This is in response to your March 21, 2016, request for information about your tax-exempt status.

Our records indicate that you were issued a determination letter in November 1942, and that you are currently exempt under section 501(c)(3) of the Internal Revenue Code.

Based on the information supplied, we recognized the subordinates named on the list you submitted as exempt from Federal income tax under section 501(c)(3) of the Code.

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Because your subordinate organizations are organizations described in section 170 (c) of the Code, donors may deduct contributions made to them.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely,

Jeffrey I. Cooper  
Director, Exempt Organizations  
Rulings and Agreements
The American Cancer Society Relay For Life movement is the world's largest fundraising event to fight every cancer in every community. Rallying the passion of 4 million people worldwide, Relay For Life events raise critical funds that help fuel the mission of the American Cancer Society, an organization whose reach touches so many lives – those who are currently battling cancer, those who may face a diagnosis in the future, and those who may avoid a diagnosis altogether thanks to education, prevention, and early detection.

HOW YOUR DOLLARS MAKE A DIFFERENCE

With your help, the American Cancer Society is fighting for every life threatened by every cancer, in every community. Through your support of the Relay For Life movement, your dollars contribute to:

- **Groundbreaking cancer research** so cancer never steals another year from anyone's life.
- **Education and prevention efforts** for those currently battling the disease and those who may face a future diagnosis.
- **Free Information and services** for cancer patients who need them.
- **Advocacy through the American Cancer Society Cancer Action Network** (ACS CAN) to make cancer a national priority.

**Relay For Life of Milpitas**

How we save lives, celebrate lives, and lead the fight for a world without cancer.

Here are just a few examples of how we worked toward achieving our mission in 2016.

Supporting Cancer Survivors
- Helped nearly 36,000 women manage appearance-related side effects of treatment
- Provided more than 11,000 peer support services to breast cancer patients
- Provided 119,000 special kits of tailored information and resources for newly diagnosed patients
- More than 300,000 patients, long-term survivors, and caregivers used our online Cancer Survivors Network monthly.

Finding Cancer’s Causes and Cures
- We are funding 750 grants to 200 research institutions and universities.
- The American Cancer Society has invested more than $4.5 billion in research and has given grant funding support to 47 individuals who went on to win the Nobel Prize.
- There were more than 1,000 downloads per month of Cancer Facts & Figures, our comprehensive publication of cancer data.

Providing Leadership and Education for the Health Care Community
- Our cancer screening guidelines go through a rigorous, evidence-based review to help patients and their health care providers make the best choices to screen for cancer. Our prevention guidelines help people reduce their risk of cancer, and our survivorship guidelines help people live life to the fullest after cancer.
- We work with health care providers and medical organizations across the country, get more people access to quality cancer care, and reduce cancer rates.
- We work in communities across the country to get health care professionals information and resources to help more people prevent cancer or find it early, when it’s most treatable.
- Our three peer-reviewed journals inform health care professionals about emerging science so they can provide the best possible care for their patients.

Helping Cancer Patients Access Care
- Provided nearly 335,000 rides to treatment and other cancer-related appointments
- Provided more than 456,000 nights of free lodging at our Hope Lodge® communities, and more than 81,000 nights of free or reduced lodging through our Hotel Partners Program.
- Contributed to more than 756,000 outreach interventions and nearly 200,000 cancer screenings, thanks to our corporate-funded grant program working to increase health equity for underserved patients.
- Our patient navigators helped guide nearly 45,000 newly diagnosed cancer patients to overcome barriers to care.

Offering Information and Education
- Our website, cancer.org, had more than 108 million visits for the latest, most accurate information on virtually all topics related to cancer.
- Our 24/7 helpline handled more than 1.2 million calls and live chats from those seeking support, information, and resources.
- We offer more than 40 award-winning books, from cookbooks to caregiving support.

Fighting Cancer Through Public Policy
The American Cancer Society Cancer Action Network℠ (ACS CAN), our nonprofit, nonpartisan, advocacy affiliate, helped to:
- Add $4.8 billion in research funds to the National Institutes of Health budget over seven years, with $1.1 billion set aside for the Cancer Moonshot, thanks in part to ACS CAN’s One Degree campaign.
- Increase taxes on tobacco products – which can prevent children from smoking and help adults quit – in two states.
- Implement comprehensive smoke-free workplace, restaurant, and bar laws in 50 municipalities.
