E. Developer’s execution of this Agreement and the provision of the security are made in consideration of City’s approval of the Public Storage Project.

### **III. TERMS.**

1.0 Effectiveness. This Agreement shall not be effective unless and until all two of the following conditions are satisfied:

a) Developer provides City with security of the type and in the amounts required by this Agreement;

(b) Developer executes and records this Agreement in the Recorder's Office of the County of SANTA CLARA;

If the above described conditions are not satisfied, this Agreement shall automatically terminate without need of further action by either City or Developer.

2.0 Public Improvements. Developer shall construct or have constructed at its own cost, expense, and liability all improvements required by City as part of the approval of the Public Storage Project, including, but not limited to, all grading, roads, paving, curbs and gutters, pathways, storm drains, sanitary sewers, utilities, drainage facilities, traffic controls, landscaping, street lights, and all other required facilities as shown in detail on the plans, profiles, and specifications which have been prepared by or on behalf of Developer for the Public Storage Project ("Public Improvements"). The Public Improvements are more specifically described with the Engineer's Cost Estimate in Exhibit "B," which is attached hereto and incorporated herein by this reference, and as shown on City approved Improvement Plan No. 2-1203 on file with the City. Construction of the Public Improvements shall include any transitions and/or other incidental work deemed necessary for drainage or public safety. The Developer shall be responsible for the replacement, relocation, or removal of any component of any irrigation water system in conflict with the construction or installation of the Public Improvements. Such replacement, relocation, or removal shall be performed to the complete satisfaction of the City Engineer and the owner of such water system. Developer further promises and agrees to provide all equipment, tools, materials, labor, tests, design work, and engineering services necessary or required by City to fully and adequately complete the Public Improvements.

2.1 Prior Partial Construction of Public Improvements. Where construction of any Public Improvements has been partially completed prior to this Agreement, Developer agrees to complete such Public Improvements or assure their completion in accordance with this Agreement.

2.2 Permits; Notices; Utility Statements. Prior to commencing any work, Developer shall, at its sole cost, expense, and liability, obtain all necessary permits and licenses and give all necessary and incidental notices required for the lawful construction of the Public Improvements and performance of Developer's obligations under this Agreement. Developer shall conduct the work in full compliance with the regulations, rules, and other requirements contained in any permit or license issued to Developer.

2.3 Pre-approval of Plans and Specifications. Developer is prohibited from commencing work on any Public Improvement until all plans and specifications for such Public Improvement have been submitted to and approved by the City Engineer, or his or her designee.

Approval by the City Engineer shall not relieve Developer from ensuring that all Public Improvements conform with all other requirements and standards set forth in this Agreement.

2.4 Quality of Work; Compliance With Laws and Codes. The construction plans and specifications for the Public Improvements shall be prepared in accordance with all applicable federal, state and local laws, ordinances, regulations, codes, standards, and other requirements. The Public Improvements shall be completed in accordance with all approved maps, plans, specifications, standard drawings, and special amendments thereto on file with City, as well as all applicable federal, state, and local laws, ordinances, regulations, codes, standards, and other requirements applicable at the time work is actually commenced.

Developer warrants that all of its employees and contractors shall have sufficient skill and experience to perform the work assigned to them, and that they shall have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the work, and that such licenses, permits, qualifications and approvals shall be maintained throughout the term of this Agreement.

2.6 Alterations to Improvements. The Public Improvements as described and as shown on Improvement Plan No. 2-1203 on file with the City are understood to be only a general designation of the work and improvements to be done, and not a binding description thereof. All work shall be done and improvements made and completed as shown on approved plans and specifications, and any subsequent alterations thereto. If during the course of construction and installation of the Public Improvements it is determined that the public interest requires alterations in the Public Improvements, Developer shall undertake such design and construction changes as may be reasonably required by City. Any and all alterations in the plans and specifications and the Public Improvements to be completed may be accomplished without giving prior notice thereof to Developer's surety for this Agreement.

3.0 Maintenance of Public Improvements and Landscaping. City shall not be responsible or liable for the maintenance or care of the Public Improvements until City approves and accepts them. City shall exercise no control over the Public Improvements until accepted by City. Any use by any person of the Public Improvements, or any portion thereof, shall be at the sole and exclusive risk of the Developer at all times prior to City's acceptance of the Public Improvements. Developer shall maintain all the Public Improvements in a state of good repair until they are completed by Developer and approved and accepted by City, and until the security for the performance of this Agreement is released. Maintenance shall include, but shall not be limited to, repair of pavement, curbs, gutters, sidewalks, signals, parkways, water mains, and sewers; maintaining all landscaping in a condition reasonably acceptable to City; removal of debris from sewers and storm drains; and sweeping, repairing, and maintaining in good and safe condition all streets and street improvements. It shall be Developer's responsibility to initiate all maintenance work, but if it shall fail to do so, it shall promptly perform such maintenance work when notified to do so by City. If Developer fails to properly prosecute its maintenance obligation

under this section, City may do all work necessary for such maintenance and the cost thereof shall be the responsibility of Developer and its surety under this Agreement. City shall not be responsible or liable for any damages or injury of any nature in any way related to or caused by the Public Improvements or their condition prior to acceptance.

It is understood that by providing the security required under Section 13.0 et seq. of this Agreement, Developer and its surety consent in advance to any extension of time as may be given by City to Developer, and waives any and all right to notice of such extension(s). Developer's acceptance of an extension of time granted by City shall constitute a waiver by Developer and its surety of all defense of laches, estoppel, statutes of limitations, and other limitations of action in any action or proceeding filed by City following the date on which the Public Improvements were to have been completed hereunder. In addition, as consideration for granting such extension to Developer, City reserves the right to review the provisions of this Agreement, including, but not limited to, the construction standards, the cost estimates established by City, and the sufficiency of the improvement security provided by Developer, and to require adjustments thereto when warranted according to City's reasonable discretion.

4.2 Accrual of Limitations Period. Developer agrees that any and all grading done or to be done in conjunction with construction of the Public Improvements shall conform to all federal, state, and local laws, ordinances, regulations, and other requirements, including City's grading regulations. In order to prevent damage to the Public Improvements by improper drainage or other hazards, the grading shall be completed in accordance with the time schedule for completion of the Public Improvements established by this Agreement, and prior to City's approval and acceptance of the Public Improvements and release of the Security as set forth in Section 13.0 et seq. of this Agreement.

9.1 Notice. If Developer neglects, refuses, or fails to fulfill or timely complete any obligation, term, or condition of this Agreement, or if City determines there is a violation of any federal, state, or local law, ordinance, regulation, code, standard, or other requirement, City may at any time thereafter declare Developer to be in default or violation of this Agreement and make written demand upon Developer or its surety, or both, to immediately remedy the default or violation (“Notice”). Developer shall substantially commence the work required to remedy the default or violation within ten (10) days of the Notice. If the default or violation constitutes an immediate threat to the public health, safety, or welfare, City may provide the Notice verbally, and Developer shall substantially commence the required work within twenty-four (24) hours thereof. All such work or remedial activity shall be at the sole and absolute cost, expense, and liability of Developer and its surety, without the necessity of giving any further notice to Developer or surety. City’s right to take such actions shall in no way be limited by the fact that Developer or its surety may have constructed any, or none of the required or agreed upon Public Improvements at the time of City’s demand for performance. In the event City elects to complete or arrange for completion of the remaining work and improvements, City may require all work by Developer or its surety to cease in order to allow adequate coordination by City. Upon the total acceptance of the Public Improvements by City, Developer shall file with the Recorder's Office of the County of SANTA CLARA a notice of completion for the accepted Public Improvements in accordance with applicable law. Issuance by City of occupancy permits for any buildings or structures located on the Property shall not be construed in any manner to constitute City's acceptance or approval of any Public Improvements. Notwithstanding the foregoing, City may not accept any Public Improvements unless and until Developer provides one (1) set of "as-built" or record drawings or plans to the City Engineer for all such Public Improvements. The drawings shall be certified by the record engineer and shall reflect the condition of the Public Improvements as constructed, with all changes incorporated therein.

The amount of the Security shall be based on the City Engineer's approximation of the actual cost to construct the Public Improvements, including the replacement cost for all landscaping ("Estimated Costs"). If City determines, in its sole and absolute discretion, that the Estimated Costs have changed, Developer shall adjust the Security in the amount requested by City. Developer's compliance with this provision (Section 13.0 et seq.) shall in no way limit or modify Developer's indemnification obligation provided in Section 16.0 of this Agreement. The
