Dear Mayor Tran and Members of the City Council,

As a provider of youth and adolescent mental health services in Milpitas and the greater Santa Clara County, Counseling and Support Services for Youth (CASSY) is pleased to support Council Member Grilli's request to adopt The City of Milpitas Suicide Prevention Policy.

We believe the Suicide Prevention Policy will be a valuable addition to the Milpitas mental health continuum of care by ensuring the the City of Milpitas will lead and promote community collaboration; planning, implementing and evaluating strategies for suicide prevention and intervention education, promoting aftercare services, and the de-stigmatization of the need for mental health care

As the Suicide Prevention Policy moves forward in implementation, we look forward to being a continued partner with the City of Milpitas in the development of educational programs and participation with or alongside the task force. We appreciate all of your efforts to make the implementation of this policy a reality for our community. Our youth and community really need it.
