Subject: Milpitas Rep on BAAQMD

Dear Milpitas Council Member,

I thank your continued hard work serving our community.

More than ever, the odor from Newby Island Landfill has become the concern of Milpitas residents. I am writing to urge you to approve the city's effort on getting our own city's representative elected on the BAAQMD board. The citizens have tirelessly reported to BAAQMD over the offensive odor from the landfill. We absolutely need representation on BAAQMD board to speed up the betterment in this area's air quality.

I applaud to our brave future representative who will make many trips to the board meetings and tell our plight. The whole community will be thankful.

Best Regards,
-Robyn Chen
