# CITY OF MILPITAS

455 East Calaveras Boulevard, Milpitas, California 95035-5479 [www.ci.milpitas.ca.gov](http://www.ci.milpitas.ca.gov) (408) 586-3000

August 2010

Honorable Mayor, Members of the City Council and Board of the Redevelopment Agency:

## INTRODUCTION

Transmitted herewith is the Final 2010-2015 Five-Year Capital Improvement Program (CIP).

The CIP is a comprehensive five-year plan of capital improvement projects for the City of Milpitas. Capital improvement projects are usually purchases or construction of capital assets including streets, park developments or upgrades, the acquisition of land, major construction of public facilities, and major repair/rehabilitation of City infrastructure and facilities. The CIP reflects Council's priorities and policies to ensure that the needs of the community are met.

This document arranges the projects in the following six fund groups: Community Improvements, Parks, Streets, Water, Sewer, and Storm Drain and includes:

- A Table of Contents with numerical and alphabetical listings of all projects.
- Summaries of the 2010-2015 CIP showing fund group expenses and finance sources and projects.
- Detailed CIP project descriptions by fund groups.
- Appendices that provide the estimate level descriptions, abbreviations, prioritization description, previously funded projects closed by June 30 2010 and RDA Projects defunded by June 30, 2010, and will remain open for Fiscal year 2010-11 in order to complete miscellaneous work.
- List of projects eligible for Art Policy Funding.

## ACCOMPLISHMENTS IN 2009-2010

Following is a partial list of Capital Improvement projects that have been successfully completed in the last year:

- Senior Center, CP8176
- Calle Oriente Park, CP5087
- Cardoza Park Playground Renovation, CP5088
- Street Resurfacing Project 2010, CP4250
- Carlo Street off- Ramp Project, CP 8195
- Calaveras Blvd Railroad Overcrossing Sidewalk Widening, CP4202
- Alviso Adobe Restoration Project, CP 5055
- Sewer Replacement, CP6073 and CP6111
- South Main Street Streetscape, CP4243
- Library Donor Board and Addition Window Blind Installation, CP8162

## 2010-2011 CAPITAL BUDGET

Funding for projects in Fiscal Year 2010-2011 of the five-year program is recommended for approval at this time. Funding for the projects in subsequent years of the CIP is shown for planning purposes and funding does not become available until it is appropriated in future CIP documents. The 2010-2011 Capital Budget, totaling approximately \$5.6 million is summarized below:

<b>PROJECT CATEGORY</b>	<b>FY 10-11</b>	<b>% OF TOTAL</b>
Community Improvement Projects	711,646	12.5%
Park Projects	2,600,000	45.8%
Street Projects	1,128,899	19.9%
Water Projects	765,000	13.5%
Sewer Projects	385,000	6.8%
Storm Drain Projects	85,000	1.5%
<b>TOTAL</b>	<b>\$5,675,545</b>	<b>100.0%</b>

Projects recommended for funding during 2010-2011 are shown in the CIP summaries at the beginning of each section. The Planning Commission reviewed this document on April 28, 2010 and found it in conformance with the General Plan.

### **FINAL 2010-2015 FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM**

The final five-year Capital Improvement Program totals approximately \$65 million. The final 2010-2015 CIP program is compared with last year's program below. The final CIP shows a decrease of \$25.0 million in the five-year program.

<b>FUND GROUP</b>	<b>2009-2014 PROGRAM</b>		<b>2010-2015 PROGRAM</b>	
	<b>Cost</b>	<b>% of Total</b>	<b>Cost</b>	<b>% of Total</b>
Community Improvement Projects	507,600	0.6%	2,821,646	4.3%
Parks Projects	15,907,949	17.7%	12,810,000	19.7%
Streets Projects	18,339,000	20.4%	8,303,899	12.8%
Water Projects	37,235,000	41.4%	23,835,000	36.7%
Sewer Projects	10,335,000	11.5%	8,185,000	12.6%
Storm Drain Projects	7,705,000	8.6%	9,060,000	13.9%
<b>TOTAL</b>	<b>\$90,029,549</b>	<b>100.0%</b>	<b>\$65,015,545</b>	<b>100.0%</b>

### **FUND GROUP FINANCING**

#### **COMMUNITY IMPROVEMENTS**

This fund group includes projects such as the City Building Improvements, Climate Action Plan, Finance System Upgrades, Fire Apparatus Recycle Water Wash Systems, MSC Master Plan Update and MSC Pool Resurfacing. Community Improvements projects are funded by Redevelopment Agency Funds, Grants, Developer Fees and other sources.

#### **PARKS**

Park Dedication Fees are the primary source of revenue for this fund group. Additional revenue sources include Redevelopment Agency, County, State and Federal Grants. Staff continues to pursue outside funding sources in order to fund additional projects.

#### **STREETS**

The Street Fund revenues are obtained from State gas taxes, Proposition 1B, Federal Economic Stimulus funding and other grants.

## WATER

Revenues for this fund group are derived from the water user rate structure (Water Fund) as well as developer hookup fees (Water Line Extension).

## SEWER

Revenues for this fund group are derived from the sewer user rate structure (Sewer Fund) and developer hookup fees (Sewer Treatment Plant) fees. In addition, Sewer Bonds were approved by Council, in order to fund the replacement of the Main Sewer Pump Station.

## STORM DRAIN

Storm Drain projects are funded from a combination of the RDA and Storm Drain Fund based on eligibility for these respective funding sources. A Storm Master Plan update is underway, and it will identify several more projects for the Capital Improvement Program. Staff will seek additional funding sources at the local, state and federal levels and may propose a storm drain fee.

## FIVE-YEAR PROGRAM REVISIONS

Eleven new projects have been added to the Final 2010-2015 Capital Improvement Program. The projects were added on a need and affordability basis. New projects recommended for funding are listed in ***bold italics*** in the summaries at the beginning of each section. The summaries identify the projects within each fund group, project costs, funding sources, and the year funding is proposed.

## ESTIMATES

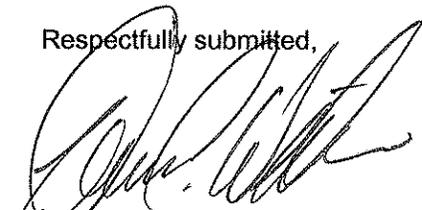

The accuracy of estimated project costs throughout this document varies depending on the degree of detail given to project proposals. Estimates range from very preliminary estimates to detailed design estimates for projects ready to go out to bid. Staff used three categories of "estimate levels" in determining project cost estimates for the projects in the annually revised CIP. The estimate level for each project is identified in the upper right hand corner of the individual projects pages and further described in Appendix A.

## CONCLUSION

I want to thank the members of the City Council and Agency for their integrity in directing the financial affairs of the City in a responsible and progressive manner. I also want to thank the Department Heads, Division Managers and all staff involved in the project and selection/prioritization process and for the many long hours of work that have made the production of this document possible.

This Capital Improvement Program was developed in order to protect and enhance the City's capital assets and infrastructure, so as to preserve and improve the quality of life for Milpitas residents. The City of Milpitas is in an enviable position compared to many other cities when looking at the future.

Respectfully submitted,

Thomas C. Williams  
City Manager

Category	Project	Estimate Level
Community Improvement	8182 City Building Improvements	1

**CONTACT:** Eddie Loreda [2662]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

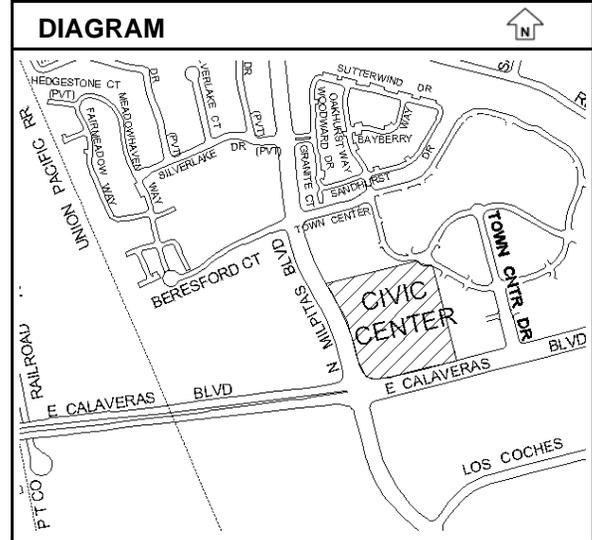

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

This project involves renovation and rehabilitation improvements at all City buildings including Public Works/Police, Community Center, City Hall, Sports Center, and all Fire Stations. The work involves replacement of electrical and mechanical systems at the Community Center, water heater/co-generator and pool equipment renovations at the Sports Center, electrical upgrades, including an emergency generator at the Sports Center. PW/PD and City Hall retrofit work, interior and exterior painting, carpeting and other related improvements. Work will also include energy savings improvements, such as replacement of lighting fixtures with energy saving fixtures, and installation of a more efficient climate controls systems.

**COMMENTS:**

Projects will be implemented based on a prioritized building renovation list, to assure a high level of service to the community and to maximize the life of the City Facilities.

**Uncommitted Balance as of 5/31/2010:** \$622,776

RDA- Funding in 2010 and 2013 is from City Hall settlement.

Grants/Reimbursement/Developer Fees/Others: PG&E reimbursement for 2008 Lighting Retrofit Improvements - \$31,646.46

FY 09-10 - PGE Grant Reimbursement \$31,646

FY09-10 - Budget Appropriation from RDA \$75,000

**City of Milpitas  
2010-15 CAPITAL IMPROVEMENT PROGRAM**

Category	Project	Estimate Level
Community Improvement	<b>8198</b> Department of Energy Grant Program	1

**CONTACT:** Greg Armendariz [3317] / Marilyn Nickel [3347]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This grant funded project provides three primary activities: a mandatory Department of Energy (DOE) study to calculate job creation and reductions in greenhouse gas emissions for various City facilities, replace aging and inefficient HVAC chillers and controls at the Police/Public Works Building, and convert lighting at the Sports Center parking lot to energy efficient LED fixtures.

**COMMENTS:**

The DOE has earmarked \$662,400 for the City of Milpitas through its Energy Efficiency and Conservation Block Grant program. City's local funding match is \$507,350. Some of the parking lot lighting work may not be eligible for reimbursement and a cost-share is necessary. Staff anticipates that the replacement chillers will be eligible for a PG&E rebate of \$26,000.

**Uncommitted Balance as of 5/31/2010:** \$759,383

**FINANCE NOTES**

Mid-Year appropriation on 1/5/10 \$125,000

DOE grant total is \$662,400; DOE has approved and paid for study and grant administration costs: \$113,248; remaining \$424,152 approved and appropriated on May 4, 2010.

RDA: Appropriation of \$350,00 appropriated on May 4, 2010

PG&E grant estimate of \$26,000 to be appropriated when payment is received from PG&E.

**City of Milpitas  
2010-15 CAPITAL IMPROVEMENT PROGRAM**

Category	Project	Estimate Level
Community Improvement	8200 Climate Action Plan	

**CONTACT:** James Lindsay [3273]

**PRIORITY:** Studies and Analyses

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

This project provides for preparation of a Milpitas Climate Action Plan (CAP). This plan will include several elements including: an inventory for the general community and City owned facilities, greenhouse emission analysis, land use recommendations in order to comply with new CEQA criteria (created under SB 375 & AB 32), and criteria to evaluate new development against CEQA thresholds of carbon footprint.

**COMMENTS:**

Grant funding will be pursued to offset all or a portion of these costs.

**Uncommitted Balance as of 5/31/2010:** \$0

Category	Project	Estimate Level
Community Improvement	<b>8201 MSC Pool Resurfacing</b>	1

**CONTACT:** Aaron Bueno (3226)

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$5,000

**DESCRIPTION**

This project provides for the plaster resurfacing of the three Milpitas Sports Center swimming pools. The work includes replacement of tile work, lane lines, and other pool elements.

**COMMENTS:**

These pools are heavily used year round and require resurfacing every 5 years. California Health and Safety Code, Section 3106B.3 states that the finished pool shell shall be lined with a smooth waterproof interior finish that will withstand repeated brushing, scrubbing and cleaning procedures.

Community Improvement	<b>New</b> 2012 Finance System Upgrade	1

**CONTACT:** Jane Corpus [3125]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This project provides upgrades to keep our Financial system up to date. It is essential that the system be current in order to utilize technology efficiently and effectively. This major system includes General Ledger, Accounts Payable, Cash Collection, Payroll/Human Resources, Job Costing and Purchase Order. In addition, the Finance system also manages Budget Preparation, Business License, Investment Software and Fixed Asset systems.

**COMMENTS:**

The proposed funding is for the system required upgrades, equipment and staff training.

Category	Project	Estimate Level
Community Improvement	<b>New Fire Apparatus Recycle Water Wash System</b>	1

**CONTACT:** Albert Zamora (3371)

**PRIORITY:** Mandatory or Committed Projects

**ANNUAL MAINTENANCE COST:** \$5,000

**DESCRIPTION**

This project provides for the design and construction of an apparatus (Fire truck) wash system (water recycle) at each fire station. This would allow washing fire vehicles with detergent at each station. Current urban runoff permit requirements do not allow water with detergents to enter the storm drain system.

**COMMENTS:**

Other fire departments in the Bay Area subject to the same regulations are installing water recycle systems. The Regional Water Quality Control Board may require this level of protection be provided prior to the suggested project delivery date. Fire apparatus are currently washed with water only at the station; if detergents are needed, the vehicles are washed at the City's corporation yard. This improvement allows the apparatus to be in service from their primary assigned response district, for the best response time. Stations 1 & 4 are scheduled to be constructed in 2012-13 and station 2 & 3 will be scheduled for construction in 2013-14.

**Uncommitted Balance as of 5/31/2010:** \$0

Community Improvement	<b>New</b> MSC Master Plan Update	1

**CONTACT:** Bonnie Greiner [3227]

**PRIORITY:** Improve the Quality of Life

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

The Milpitas Sports Center (MSC) Master Plan Update will focus in revising several elements of the existing Master Plan, due to physical changes implemented since the completion of the current Master Plan. The Master Plan update will also look at the MSC building programming and recommend improvements to support the indoor sports and fitness programs. Lastly, the Master Plan update will also include a vehicular, bicycle, and pedestrian circulation element.

Category	Project	Estimate Level
Park Improvement	5055 Alviso Adobe Renovation	1

**CONTACT:** Greg Armendariz [3317] / Michael Boitnott [3315]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

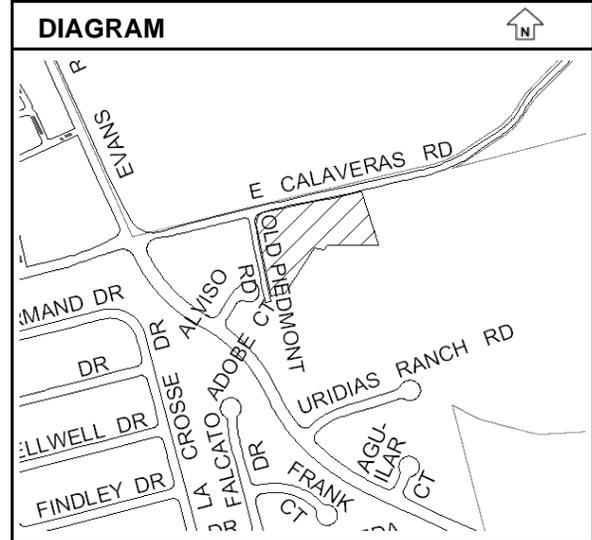

**ANNUAL MAINTENANCE COST:** \$75,000

**DESCRIPTION**

This project provides new park improvements and exterior restoration of the historic Alviso Adobe building. The first phase provides structural stabilization, seismic strengthening and exterior renovation of the Alviso adobe building. The second phase would provide park improvements including picnic areas, lighting, walkways, a parking lot, apricot orchard, herb garden, landscaping and access improvements. Once completed, park visitors will experience the progressive history of Milpitas' from its origins as a Spanish land grant in the 1830's through the 1920's rural Santa Clara County farming era.

**COMMENTS:**

The final phase provides the interior restoration of the 1st floor of the Adobe Building to museum quality level. This phase is unfunded and estimated at \$1.0 million. Staff is pursuing additional grants for this work.

**Uncommitted Balance as of 5/31/2010:** \$370,028

Category	Project	Estimate Level
Park Improvement	5081 Berryessa Creek Trail, Reach 4	1

**CONTACT:** Greg Armendariz [3317]

**PRIORITY:** Improve the Quality of Life

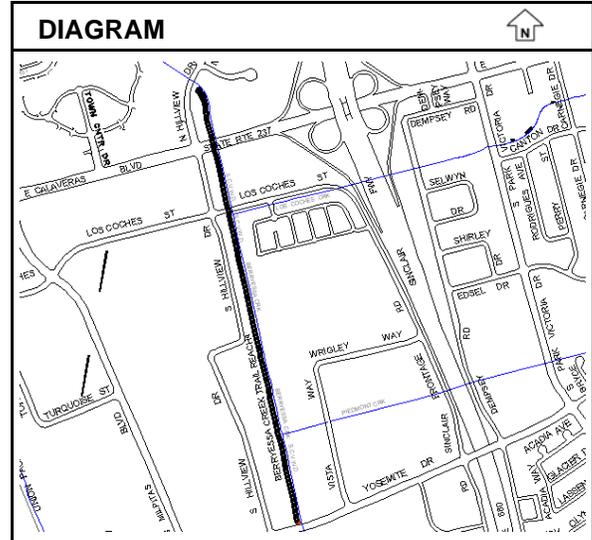

**ANNUAL MAINTENANCE COST:** \$10,000

**DESCRIPTION**

This project provides for the development of Berryessa Creek Trail Reach 4, a one mile segment from Town Center to Yosemite Drive. The project may include intersection modifications at Calaveras Blvd./Hillview Drive, Los Coches/S. Hillview Drive and Yosemite Drive/S. Hillview Drive. The scope of work includes plantings and trail amenities. The project will be coordinated with the proposed US Army Corp of Engineers and Santa Clara Valley Water District (SCVWD) creek flood improvement projects.

**COMMENTS:**

This project is identified and described in the "Berryessa Creek Trail and Coyote Creek Trail Feasibility Report." This project will also provide a trail connection between the Town Center and the future Transit Area Plan.

**Uncommitted Balance as of 5/31/2010:** \$20,206

**FINANCE NOTES**

An additional \$2,469,000 is needed to construct the project. Possible funding sources may include future grants from the Army Corp of Engineers and or SCVWD, developer fees.

\$531,000 of Park Funds have been designated specifically for Berryessa Creek Trail Reach 4, from developer contributions.

**City of Milpitas  
2010-15 CAPITAL IMPROVEMENT PROGRAM**

Category	Project	Estimate Level
Park Improvement	5084 Berryessa Creek Trail, Reach 6A	1

**CONTACT:** Greg Armendariz [3317]

**PRIORITY:** Improve the Quality of Life

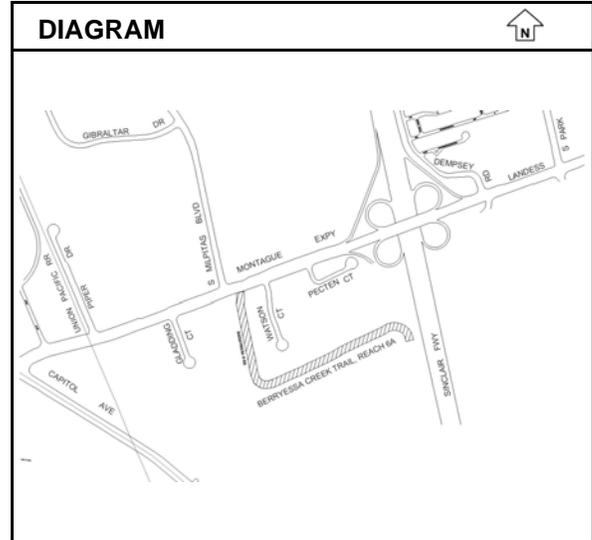

**ANNUAL MAINTENANCE COST:** \$3,000

**DESCRIPTION**

This project provides for the design and construction of reach 6A of the Berryessa Creek Trail from Montague Expressway to the Capitol Mall apartments. The project consists of an engineered pedestrian/bicycle bridge, trail paving, plantings and trail amenities. The project also will be coordinated with the proposed US Army Corp of Engineers and SCVWD creek flood improvement project, and the BART project.

**COMMENTS:**

This project is identified in the "Berryessa Creek Trail and Coyote Creek Trail Feasibility Report" which includes features described above exclusive of a ramp which is outside of the project area. The pedestrian/bike bridge is to be funded by developer fees of approximately \$200,000.

**Uncommitted Balance as of 5/31/2010:** \$468

2010-15 CAPITAL IMPROVEMENT PROGRAM**

Category	Project	Estimate Level
Streets	4170 Hwy 237/I-880 Interchange	1

**CONTACT:** Greg Armendariz [3317]

**PRIORITY:** Mandatory or Committed Projects

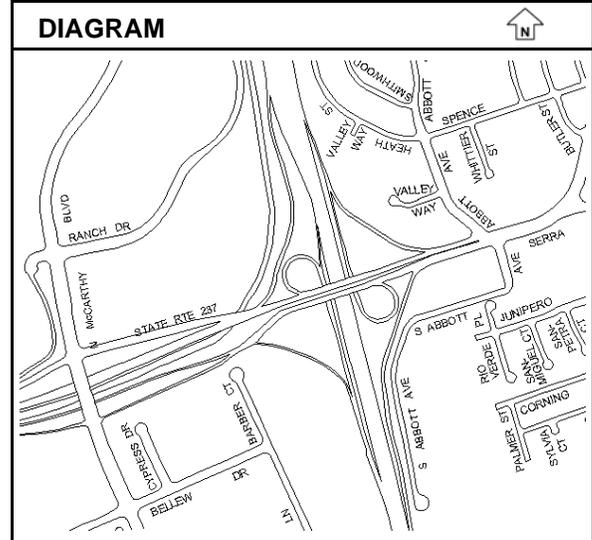

**ANNUAL MAINTENANCE COST:** \$90,000

**DESCRIPTION**

This project designed and constructed the 237/880 Interchange through a cooperative agreement between Milpitas and Santa Clara County Traffic Authority (TA). When the TA ceased to exist in March 31, 1997, the City assumed the administration of the TA's remaining consultant design work. TA transferred \$1.6 million to the City for this effort. Construction began late 1997 and was completed in 2004. The remaining work includes transfer of Right of Way to Caltrans, landscaping and recycled water irrigation improvements.

**COMMENTS:**

Two separate cost-sharing agreements between the City/Caltrans and City/VTA (\$2 million and \$1.5 million respectively) will provide the funding for the landscape improvements and maintenance.

**Uncommitted Balance as of 5/31/2010:** \$2,662,006

**FINANCE NOTES**

Grants: SCVWD \$929,256 + SCC Traffic Authority: \$2,286,424 = \$3,215,680.

FY04-05: Mid-year appropriation of \$62,500 from VTA was made for repairs at Hwy 237 and Abbott.

FY 2008-09: Defunded \$174,000 from the RDA Bond Tax Allocation Bonds.

FY 2009-10 - Grants of \$2 million from CALTRANS (Maintenance Fund) .

FY 2009-10 - Street Fund: \$1,284,000 currently placed in the Street Fund (VTA cost share for the median landscape project). \$300,000 of the \$1,584,000 was used to fund the street trees and mulch project.

FY 2010-11- Deprogramming in FY 2010-11, of 390,000 from State grant, due to State budget crisis, funds are not available.

**City of Milpitas  
2010-15 CAPITAL IMPROVEMENT PROGRAM**

Category	Project	Estimate Level
Streets	4246 Sidewalk Replacement 2009	1

**CONTACT:** David Gordillo [2634]

**PRIORITY:** Health and Safety Projects

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This project involves citywide replacement of existing curb, gutter and sidewalk. The project also involves street tree root cutting to prevent further damage to sidewalk. The work scope also includes installation of ADA ramps. An annual visual inspection is conducted to determine and establish a priority list of areas for replacement. Sections of sidewalk with vertical separation of 3/4" or more are completely removed and replaced. At locations where a vertical separation less than 3/4" exists, a grinding method is used in lieu of concrete replacement.

**COMMENTS:**

**Uncommitted Balance as of 5/31/2010:** \$1,250

**City of Milpitas  
2010-15 CAPITAL IMPROVEMENT PROGRAM**

Category	Project	Estimate Level
Streets	4247 Suggested Routes to School	1

**CONTACT:** Janice Spuller (3291)

**PRIORITY:** Improve the Quality of Life

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

This is a 3-year school safety program targeting the City's 9 elementary and 2 middle schools to encourage walking and bicycling to school. Program elements include the preparation of Suggested Routes to School maps, walking-biking-carpooling education & programs, and event promoting.

**COMMENTS:**

This program is fully-funded from a California - Department of Transportation (Caltrans) Safe Routes to School Grant. The grant is for non-infrastructure projects only.

**Uncommitted Balance as of 5/31/2010:** \$87,046

Category	Project	Estimate Level
Streets	4253 Dixon Landing Road Plan Line	1

**CONTACT:** Fernando Bravo (3328)

**PRIORITY:** Studies and Analyses

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

This project provides for the preparation of a Plan Line Study to evaluate the widening of Dixon Landing Road from N. Milpitas Boulevard to I-880 from 2 lanes to 3 lanes in each direction. The study will evaluate the right of way and feasibility of relocating sidewalks, street lighting, adding bicycle lanes and streetscape in medians and planter strips. This project will also include 35% level design in order to develop an Engineer's Estimate for design and construction of improvements.

**COMMENTS:**

The Plan Line Study will also be coordinated with the BART roadway/bridge improvements, where BART crosses Dixon Landing Road.

**Uncommitted Balance as of 5/31/2010:** \$0

Category	Project	Estimate Level
Streets	4254 Sidewalk Replacement 2011	1

**CONTACT:** David Gordillo [2631]

**PRIORITY:** Health and Safety Projects

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

This project involves citywide replacement of existing curb, gutter and sidewalk. The project also involves street tree root cutting to prevent further damage to sidewalk. The workscope also includes installation of ADA ramps. An annual visual inspection is conducted to determine and establish a priority list of candidate sites for replacement. Sections of sidewalk with vertical separation of 3/4" or more are completely removed and replaced. At locations where a vertical separation less than 3/4" exists, a concrete grinding method is used in lieu of concrete replacement.

Streets	4255 Street Resurfacing Project 2011	1

**CONTACT:** Jimmy Nguyen [3318]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

This project provides for the street resurfacing in 2011. The program includes a variety of pavement treatments from slurry seal to major rehabilitation and reconstruction. Streets are selected for improvements based on the City's Pavement Management System. This project also includes \$200,000 to Public Works maintenance for pothole repairs.

**COMMENTS:**

There are over 122 miles of streets that are owned and maintained by the City of Milpitas. For major roadways these improvements include an increase of the pavement structural section, in order to strengthen the pavement sections due to increases in current and projected traffic.

**Uncommitted Balance as of 5/31/2010:** \$0

Streets	8196 Soundwall Renovation	1

**CONTACT:** Steve Erickson [3301] / Julie Waldron [3314]

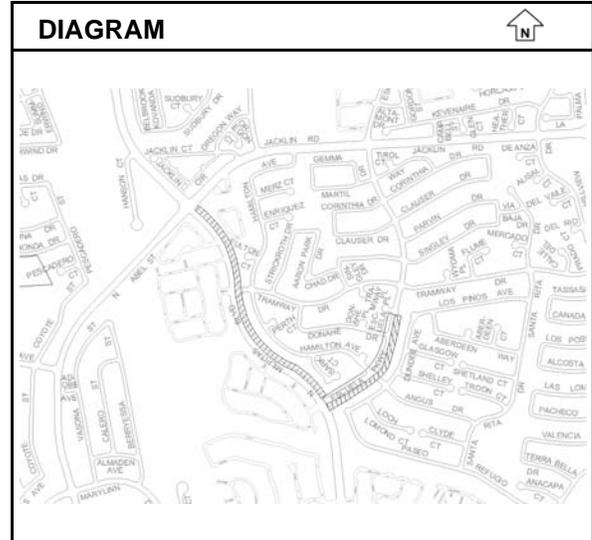

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$1,000

**DESCRIPTION**

This project renovates the City sound walls along N. Milpitas Boulevard, Escuela Parkway, Jacklin Road at Horcajo, La Palma, Hillview Drive at Tularcitos Creek, Nicklaus at N. Park Victoria and other locations. Portions of the walls have deteriorated and will need to be structurally repaired or completely replaced. In some locations, the ground elevation on the residence side is much higher than on the public street side. The soundwalls were not designed as retaining walls, so they require structural retrofit work or replacement.

**COMMENTS:**

Streets	New	Milpitas Boulevard Plan Line Study	1

**CONTACT:** Steve Erickson [3301]

**PRIORITY:** Studies and Analyses

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

This project provides for the preparation of a Plan Line Study to evaluate the feasibility of installing landscaped median islands on N. Milpitas Blvd between Jacklin and Sunnyhills Ct. Raised medians can provide improvements to traffic safety and provide an opportunity for street beautification.

This study will also evaluate the feasibility of installing other street amenities such as street lighting, access control, pedestrian and bicycle improvements.

**COMMENTS:**

Plan Line Study will include an extensive community outreach plan, and will recommend a funding plan for the improvements.

Streets	<b>New</b> Traffic Signal Installation	1

**CONTACT:** Steve Chan [3324]

**PRIORITY:** Improve the Quality of Life

**ANNUAL MAINTENANCE COST:** \$25,000

**DESCRIPTION**

This project provides for the design and construction of a traffic signal system installation at a yet to be determined intersection. The following three intersections are being monitored for traffic signal warrants: Milpitas Blvd & Tramway Dr., S. Park Victoria Dr. & Mt. Shasta Ave., and McCarthy Blvd. & SanDisk Dr.

\*If S. Park Victoria Dr. & Mt Shasta Ave. are selected, funding source would be "Street Fund", instead of "RDA"

**COMMENTS:**

The State's traffic signal warrant criteria is used to determine the warrants for signalizing an intersection.

**Uncommitted Balance as of 5/31/2010:** \$0

Category	Project	Estimate Level
Streets	<b>New Traffic Signal Modifications 2012</b>	1

**CONTACT:** Steve Chan [3324]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$5,000

**DESCRIPTION**

This project provides for minor traffic signal improvement projects resulting from the need for operations improvements or emergency repairs and safety enhancements such as pedestrian countdown signals and battery back-up systems. The scope includes repainting of street light poles and traffic signal poles and related work. This project also provides for studies to determine larger capital improvement projects.

**COMMENTS:**

Recent improvements include deployment of Pedestrian Countdown Signals and flashing beacon systems for enhanced pedestrian crossings.

**Uncommitted Balance as of 5/31/2010:** \$0

Streets	<b>New</b>	<b>Utility Undergrounding 2014</b>	1

**CONTACT:** Greg Armendariz [3317]

**PRIORITY:** Improve the Quality of Life

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

This project provides preliminary engineering and City administration for the undergrounding of existing overhead electric telephone and CATV facilities at various locations City-wide. Construction is funded by the PG&E Rule 20A Program and other utilities (Approximately \$2.0 million is available as of 2009.)

Category	Project	Estimate Level
Water	<b>2002      Second SCVWD Water Reservoir and Pump Station</b>	1

**CONTACT:** Kathleen Phalen [3345]

**PRIORITY:** Mandatory or Committed Projects

**ANNUAL MAINTENANCE COST:** \$100,000

**DESCRIPTION**

This project will construct a second water reservoir (6.6 million gallons) and pump station to serve the SCVWD water service area, as recommended in the Milpitas 2009 Water Master Plan Update. This facility is necessary to serve the Midtown Transit Area Specific Plan and other future development. The scope includes land purchase, installation of a second SCVWD water supply turnout. FY 2010-11 funding provides for site planning and Right of Way appraisals.

**COMMENTS:**

The new water facility will require acquisition of approximately 3 acres in the Transit Area. Construction will be programmed in 2016-17 at a cost estimate of \$15 Million.

**Uncommitted Balance as of 5/31/2010:** \$0

Water	<b>7070</b>	<b>Pressure Reducing Valve Replacement</b>	2

**CONTACT:** Steve Smith [2640]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$5,000

**DESCRIPTION**

This project involves the phased replacement of the existing pressure reducing valves (PRV) within the City's water system. These valves reduce water pressure as water moves from zone 2 to zone 1 in the City's distribution system.

**COMMENTS:**

All of the valves are over 20 years old and now require an extraordinary amount of maintenance. Proper operation of valves is crucial to assure proper delivery pressures for drinking and fire suppression purposes.

**Uncommitted Balance as of 5/31/2010:** \$183,574

Water	7086 Water System Air Relief Valve Modifications	1

**CONTACT:** Joe Ezeokeke [3316] / Steve Erickson [3301]

**PRIORITY:** Health and Safety Projects

**ANNUAL MAINTENANCE COST:** \$5,000

**DESCRIPTION**

This project retrofits existing air relief valves which are currently located below ground level to vaults above ground level. This work is mandated by the California Department of Public Health, under State Code, Title 22, Chapter 16. The purpose of placing valves above ground is to eliminate the possibility of water system contamination by backflow into valves during flooding.

**COMMENTS:**

Approximately 250 sites throughout the City have been identified for retrofitting. 150 of the highest priority sites have been completed. Funding in 2011-2012 is for remaining valves in the flood plain areas only.

**Uncommitted Balance as of 5/31/2010:** \$19,803

Water	<b>7100</b> Water System Seismic Improvements	1

**CONTACT:** Greg Armendariz [3317]

**PRIORITY:** Health and Safety Projects

**ANNUAL MAINTENANCE COST:** \$25,000

**DESCRIPTION**

This project develops a comprehensive Water System Seismic Improvements Program which includes seismic upgrades to the City's "back-bone" water system as defined in the Water System Seismic Improvement Strategic Plan.

The scope also includes purchase of water system materials and equipment for emergency response to a major disaster.

A complete list of improvements is identified in the priority list (Appendix F of DSWA report) with additional work scope identified in follow up engineering studies.

**COMMENTS:**

Total program preliminary cost estimate is a minimum of \$20 million, over next 8 years.

**Uncommitted Balance as of 5/31/2010:** \$3,530,132

Water	7102	Ayer Reservoir & Pump Station Improvements	1

**CONTACT:** Steve Erickson [3301] / Jorge Bermudez [3313]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

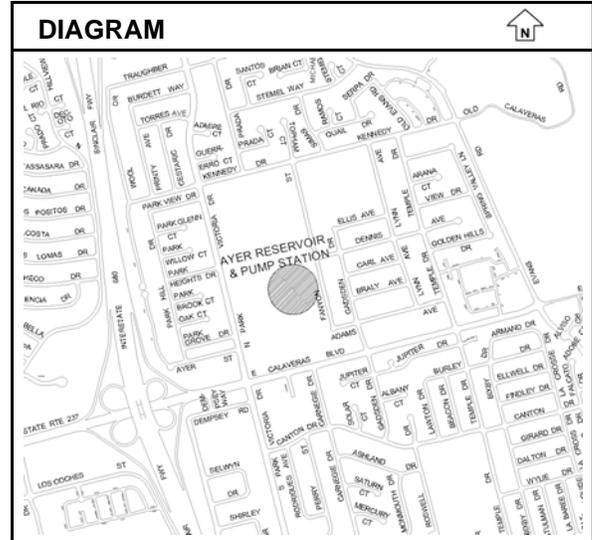

**ANNUAL MAINTENANCE COST:** \$5,000

**DESCRIPTION**

This project provides several improvements to the Ayer Reservoir and Pump Station located behind the Milpitas Sports Center. The overflow structure has settled needs to be replumbed to the sanitary sewer system. Scope also includes sealing concrete floors (in pipe gallery, pump room, and control room), replacing manual hoist with electric, and various electrical and mechanical repairs and/or improvements. Scope also includes replacement of the electric pumps and various seismic upgrades.

**COMMENTS:**

The pump station is a critical water supply facility that has been in service for over 15 years. These improvements are required, in order to assure continued reliability. The first phase is replacing the variable frequency drives and rehabilitate/replace pumps and motors.

**Uncommitted Balance as of 5/31/2010:** \$169,986

Category	Project		Estimate Level
Water	7105	Recycled Water Site Improvements	1

**CONTACT:** Marilyn Nickel [3347]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$10,000

**DESCRIPTION**

This project converts selected City landscape facilities located near the recycled water line mains to recycled water. It includes modifications and improvements, installation of recycled water line extensions, new valves, providing signs and equipment tags, and other minor system improvements, to meet State requirements of using recycled water. Projects will include street landscaping and park facilities.

**COMMENTS:**

The City is dedicated to recycled water use since it expands the water supply and is necessary to reduce WPCP sanitary flows below flow cap limits.

**Uncommitted Balance as of 5/31/2010:** \$281,569

Water	7110 Hydrant Replacement	1

**CONTACT:** Steve Smith [2640]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$2,000

**DESCRIPTION**

This project involves replacement of hydrants in the Manor, Sunnyhills, and Milford neighborhoods. Other locations may include Calaveras Blvd, Park Victoria and Jacklin Road. Additional work may include replacement of the water valve for the hydrant.

**COMMENTS:**

These hydrants have reached the end of their useful life and need to be replaced.

**Uncommitted Balance as of 5/31/2010:** \$99,379

Water	<b>New Supervisory Control and Data Acquisition (SCADA)</b>	1

**CONTACT:** Steve Smith [2640]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$50,000

**DESCRIPTION**

A Supervisory Control and Data Acquisition System provides real-time data, such as water tank level, pump operational status, system pressure, and flow rates to water system operators. Operators can use this data to identify operational problems, such as high velocities and low pressures, pressure spikes, both indicators of pipe breaks. SCADA also allows for remote monitoring and operation of pumps and valves to implement corrective actions and maintain water supply.

**COMMENTS:**

Currently operators rely on unsophisticated alarms at limited locations and customer complaints to become aware of water system problems. Operators must drive to sites to evaluate the problem and implement corrective action, such as starting a back-up pump, when the main pumps fail.

**Uncommitted Balance as of 5/31/2010:** \$0

Water	<b>New</b> Turnout Improvements	1

**CONTACT:** Steve Smith [2640]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$1,000

**DESCRIPTION**

This project involves sandblasting and recoating all water system turnout apparatus. It also involves testing and replacement of antiquated valves. There are four turnouts on San Francisco PUC water system and one on the Santa Clara Valley Water District water system. The valves vary in size from 12" to 16".

Water	New	Water O&M Database Management	1

**CONTACT:** Steve Smith [2640]

**PRIORITY:** Projects Which Avoid Future Additional Costs

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

This project would integrate and expand the GIS database to include water system facility data, such as age of pipe, year of installation, type of pipe, age of valves, maintenance history, and frequency and type of breaks.

**COMMENTS:**

Some of the City's water system infrastructure is now 50 years old and reaching the end of it's useful life. This database would enable staff to maintain repair records, identify and record the status of infrastructure and provide timing recommendations for replacement.

Water	<b>New</b> Water Supply Blending Study	1

**CONTACT:** Howard Salamanca [3348]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

This project provides an engineering study to analyze the feasibility and cost benefits of connecting the Curtis Avenue ground water well to Gibraltar Reservoir and pump station for the purpose of blending well water with SC VWD and Hetch-Hetchy water, and blending of the two wholesale water supplies

**COMMENTS:**

Harder water due to higher mineral content, and by mixing with SCVWD and/or Hetch-Hetchy water at 1% less, the water quality would not be noticeably different.

Water	<b>New</b>	<b>Water System Replacement Study 14-15</b>	1

**CONTACT:** Greg Armendariz [3317]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$10,000

**DESCRIPTION**

The 2002 Depreciation Study has estimated the remaining life of the existing water system infrastructure. This work is to field verify the projects identified with useful life ending by 2018, confirm need and scope of work, and prioritize improvements. This project evaluates the remaining useful life of water pipelines in the vicinity of Hillview Drive, Los Coches Street, Yosemite Drive, Columbus Drive, Horcajo, Dempsey Road, Landess Avenue and Jacklin Road.

Category	Project	Estimate Level
Sewer Improvement	6110 Sewer System Hydraulic Modeling	1

**CONTACT:** Kathleen Phalen [3345]

**PRIORITY:** Studies and Analyses

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

This project provides for ongoing hydraulic modeling of the sanitary sewer system as needed for Public works operations and capacity impacts from new developments.

**COMMENTS:**

Modeling allows verification of existing and future pipe capacity, and capacity reduction due to pipe settlement. Modeling analysis is reimbursed by developers, when analysis is performed to determine project impacts to sewer collection system.

**Uncommitted Balance as of 5/31/2010:** \$49,508

Sewer Improvement	6113 Cypress Sewer Main Replacement	1

**CONTACT:** Steve Erickson [3301]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$5,000

**DESCRIPTION**

This project would replace the existing 36" diameter main sewer pipe line crossing SR 237 at Cypress Court near the 237/I-880 interchange. The main sewer line has reached its design life and the pipeline has settled unevenly. It carries approximately 1/3 of the City's sewer flows to the Main Sewage Pump Station, and part of the Sewer System backbone.

Storm Drain Improvement	<b>3700 Storm Drain System Deficiency Program</b>	1

**CONTACT:** Fernando Bravo (3328)

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$10,000

**DESCRIPTION**

This project involves the design and construction of storm drain pipeline at various locations, primarily due to insufficient capacity and aging infrastructure. The areas include but are not limited to: Wrigley and Vista Way, Rocky Mountain Avenue, Watson Court, South Park Victoria Drive, Jacklin Road, Traugher Street, Park Hill Drive, Prada Drive, Abbott Avenue, Coyote Street, UPRR near Jurgens, and Sycamore Drive. In some locations, the existing storm drain pipe will be removed and replaced with larger pipe. In other locations, a second parallel pipe will be installed depending conditions of the existing pipe and space constraints with other utilities. Work scope also includes pump station rehabilitation work to electrical and mechanical systems.

**COMMENTS:**

Additional projects and work scope will be programmed based on the new Storm Drain Master Plan.

**Uncommitted Balance as of 5/31/2010:** \$222,002

Category	Project		Estimate Level
Streets	2001	Light Rail Median Landscaping	1

**CONTACT:** Liz Racca-Johnson [3306]

**PRIORITY:** Mandatory or Committed Projects

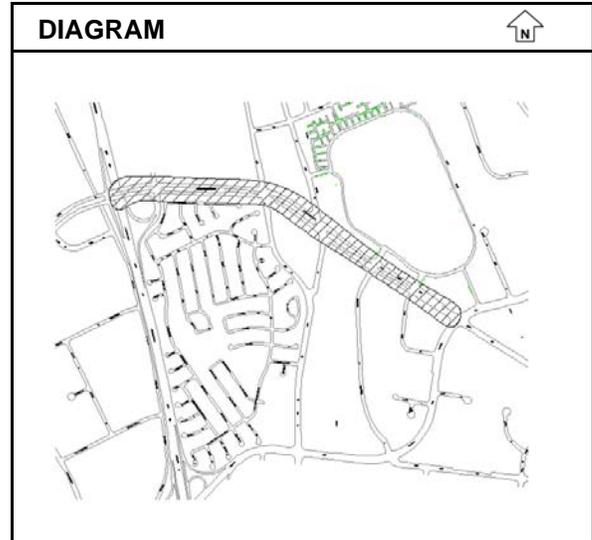

**ANNUAL MAINTENANCE COST:** \$90,000

**DESCRIPTION**

This project involves the design and construction of median landscape improvements on Great Mall Parkway from I-880 to the southern City limits at Capitol Expressway. There are eight separate median islands under the LRT viaduct structure which will be landscaped. The scope also includes construction of a recycled water main line for this project and future Transit Area Specific Plan development project.

**COMMENTS:**

All landscaping will be irrigated with recycled water. This work is included in the cooperative agreement with the Santa Clara Valley Transportation Authority.

**Uncommitted Balance as of 5/31/2010:** \$4,821,763

Category	Project	Estimate Level
Community Improvement	3397 Public Cable Access Facility	1

**CONTACT:** Bill Marion [2701]

**PRIORITY:** Improve the Quality of Life

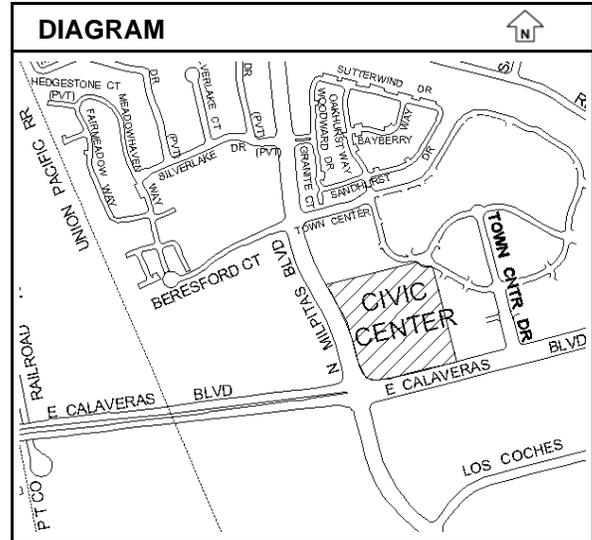

**ANNUAL MAINTENANCE COST:** \$5,000

**DESCRIPTION**

This project provides for the design, development and installation of a Public, Educational and Government (PEG) cable access facility within the Milpitas City Hall. The facility and associated equipment will support the production and broadcast of Public, Educational and Government programming for the resident's of Milpitas. The studio will be located on the first floor of the City Hall.

**COMMENTS:**

Design and construction work has been completed. The additional franchise funding provides for operating and additional equipment purchases.

**Uncommitted Balance as of 5/31/2010:** \$48,791

Community Improvement	3400 2009 Finance System Upgrade	1

**CONTACT:** Jane Corpus [3125]

**PRIORITY:** Improve the Quality of Life

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This upgrade will keep our Financial system up to date. The current release, Version 7.4, will no longer have support after May 2008. It is essential that the system be current in order to utilize technology efficiently and effectively. This major system includes General Ledger, Accounts Payable, Cash Collection, Payroll/Human Resources, Job Costing and Purchase Order. In addition, the Finance system also manages Budget Preparation, Business License, Investment Software and Fixed Asset systems.

**COMMENTS:**

The proposed funding is for the system required upgrades, equipment and staff training.

**Uncommitted Balance as of 5/31/2010:** \$121,793

Community Improvement	<b>3401</b> Solid Waste Master Plan	1

**CONTACT:** Kathleen Phalen [3345]

**PRIORITY:** Studies and Analyses

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This Master Plan will review the impacts of the City's short and long term planned growth and associated solid waste disposal needs. Since the current solid waste contracts expire in 2017, the plan will also review and develop strategies for economical solid waste disposal beyond 2017. Particularly, since Newby Island Landfill off Dixon Landing Road, is scheduled for closure by 2023.

**COMMENTS:**

The City has two existing contracts regarding solid waste disposal. One is for collection and hauling to the Newby Island Landfill and Recyclery for disposal. The second is to reserve capacity at the Newby Island Landfill and Recyclery for Milpitas-generated waste.

**Uncommitted Balance as of 5/31/2010:** \$32,250

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This project provides an update to the City Storm Drain Master Plan. This update is needed due to land use modifications proposed by Midtown Specific Plan and proposed Transit Area Specific Plan. It is also important to revise and update the Master Plan in order to account for land use changes and capital projects that have taken place in the City since the original Master Plan was published in 2001, and to provide proper environmental documentation. In addition, FEMA is requiring creek levee recertification as a result of the New Orleans levee failures. SCVWD and the City are working to complete these studies by August 2009. The Storm Master Plan will model and analyze citywide existing and proposed storm drain infrastructure, identify system deficiencies and recommend improvements.

**COMMENTS:**

A Master Grading and Storm Drainage Plan is required by the Transit Area EIR

**Uncommitted Balance as of 5/31/2010:** \$56,291

Storm Drain Improvement	<b>3702</b> Minor Storm Drain Projects 2009	1

**CONTACT:** Steve Erickson [3301] / Steve Smith [2640]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$1,000

**DESCRIPTION**

This project involves the ongoing analysis and implementation of various minor modifications and improvements to the existing storm drain system. A new storm inlet is proposed at the northwest corner of Kennedy Drive and Simas Drive. In addition this project includes installation of permanent metallic medallions imprinted with "No Dumping – Flows to the Bay" at approximately 3,400 storm drain catch basins, as mandated by the State. The scope also includes storm drain studies, minor related improvements and regional storm drain fees. Additional storm drain improvements are planned along Evan Road and Bryan Court.

Storm Drain Improvement	<b>3703</b> Emergency Pump Station Generators	1

**CONTACT:** Steve Smith [2640]

**PRIORITY:** Major Service Equipment Replacement

**ANNUAL MAINTENANCE COST:** \$5,000

**DESCRIPTION**

This project provides for the procurement of two trailer mounted emergency generators for use at the storm pump stations (with electric capacity of 750kw and 1000kw.)

The work will also include installation of transfer switches at the pump stations to allow switching PG&E power to generator power.

**COMMENTS:**

Typically, the same storms that drops heavy rainfall into the storm drain system also cause electrical service interruptions. The pump stations are inoperable at a time when they are needed the most. Secondly, a major earthquake during winter storms may also take out PG&E power.

Streets	<b>4029 Calaveras Road Slope Protection</b>	1

**CONTACT:** Steve Erickson [3301]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

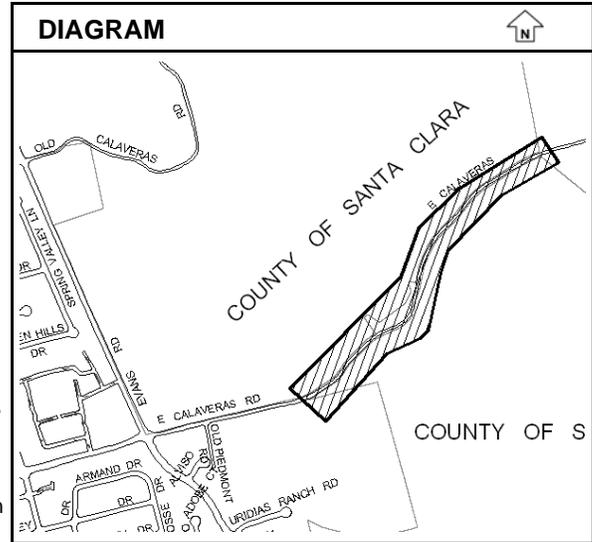

**ANNUAL MAINTENANCE COST:** \$1,500

**DESCRIPTION**

This project involves ongoing maintenance and repair work on the Calaveras Rd. slide area slope between Piedmont Rd. and Downing Rd. The project also involves the ongoing monitoring of the slide area by geologists. Improvements included the installation of a slope drainage system, slope stabilization systems, removal of hillside material, as well as restoration of storm damage to Calaveras Road slope.

**COMMENTS:**

Part of the solution to the slide area is the need to remove the hill area along key locations on the north side of Calaveras Rd. To date, 650,000 cubic yards of material have been removed. Approximately 450,000 cubic yards remain to be removed. In addition, a project to provide stabilization of the worst stretches of road using a Caltrans developed soil nailing technology, concrete piers and hydroseeding has been completed. A Mitigation and Monitoring plan as required by permitting Agencies started in March 2003 for a period of five years. The cost to implement the 5-year monitoring plan is estimated to be \$60,000.

Category	Project	Estimate Level
Streets	4039 Tasman / I-880 Interchange	1

**CONTACT:** Fernando Bravo (3328)

**PRIORITY:** Mandatory or Committed Projects

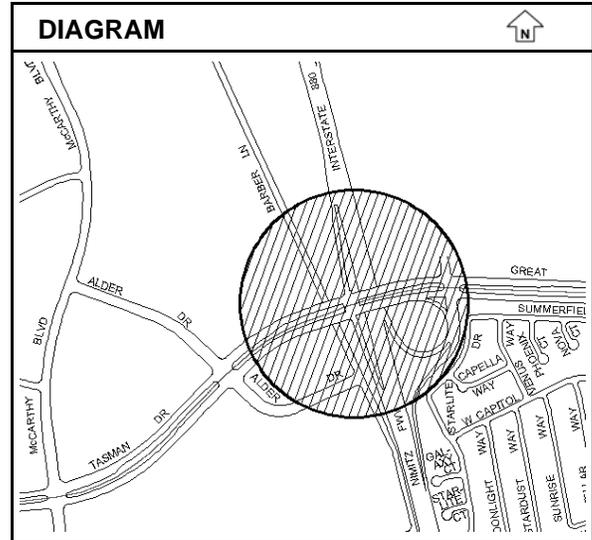

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

This project involved the design and construction of an interchange at Tasman Drive-Great Mall Parkway and Interstate 880. Construction has been completed and Right-of Way transfer is currently in progress with Caltrans.

**COMMENTS:**

Caltrans and the City agreed to leave an abandoned Shell oil pipeline (now owned by Air Products) in the widened Caltrans right-of-way. If I-880 is widened to an 8 lane freeway in the future, there may be a need to relocate in outside of the Caltrans right-of-way, at an estimated cost of \$40,000 to \$500,000.

**Uncommitted Balance as of 5/31/2010:** \$83,604

Should a future project require the nitrogen line to be relocated, Caltrans and Milpitas will enter into a 50/50 cost share. An agreement is currently being prepared. The 2004 estimated cost is \$500,000, with Milpitas share of \$250,000. Costs will be adjusted for inflation rise. \$50,000 under ROW Administration is for the additional staff time that will be needed to complete the ROW transfer to Caltrans.

Streets	<b>4047</b>	<b>Dixon Landing Road / I-880 Interchange</b>	1

**CONTACT:** Fernando Bravo (3328)

**PRIORITY:** Enhance Economic Development

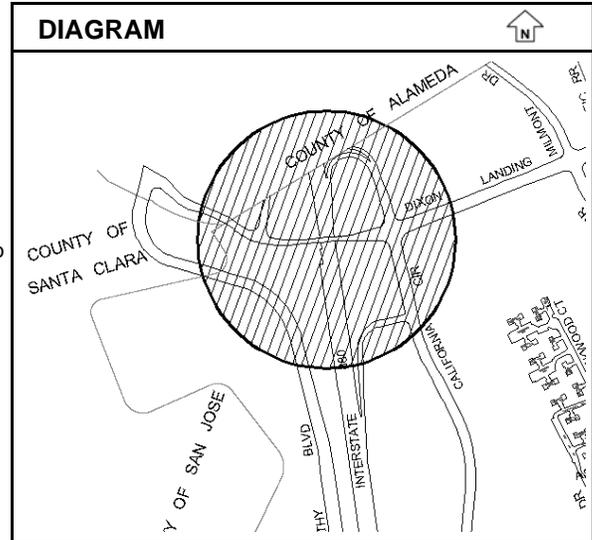

**ANNUAL MAINTENANCE COST:** \$6,000

**DESCRIPTION**

This project involved the construction of a full interchange at Dixon Landing Rd. and I-880. It provided access to the industrial parks to the west of I-880 and improved the access from the east. Design is based upon 6 lanes for Dixon and 8 lanes for I-880 including commuter lanes. All the construction work has been completed. The remaining work includes right of way transfer to Caltrans.

**COMMENTS:**

The interchange was completed and opened for traffic in March 2004. PG&E contract resolution and Right of Way transfer to Caltrans is currently in progress.

2010-15 CAPITAL IMPROVEMENT PROGRAM**

Category	Project	Estimate Level
Streets	4179 Montague Expwy Widening at Great Mall Pkwy	1

**CONTACT:** Julie Waldron [3314]

**PRIORITY:** Mandatory or Committed Projects

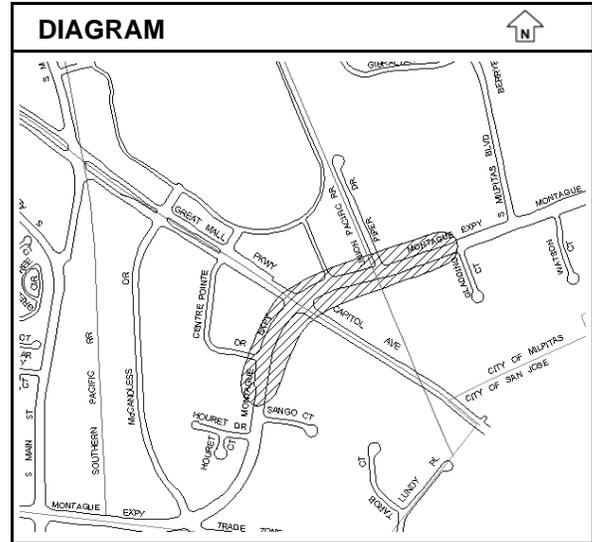

**ANNUAL MAINTENANCE COST:** \$40,000

**DESCRIPTION**

This project provides a fourth through lane in each direction on Montague Expressway at Great Mall Parkway. It also includes adding one westbound lane on Montague Expressway from Hwy 680 to UPRR rails, however, these limits may be revised due to right of way availability.

**COMMENTS:**

A portion of this project, Phase I, is required as a result of the Cisco Systems development. Phase I is the improvement of the Great Mall Parkway/Capitol intersection from Center Point Drive to the UPRR rails, and is funded 50% by Cisco Systems. Phase I was constructed by VTA in conjunction with their LRT project. The remaining portion of the project, phase II, will "close the gaps" that exist between Phase I and Project 4180 which widened the south side of the expressway from west of Gladding CT. to I-680.

**Uncommitted Balance as of 5/31/2010:** \$2,660,737

Streets	4227 Gateway Signs Project	1

**CONTACT:** Diana Barnhart (3059) / Jeffery Leung [3326]

**PRIORITY:** Enhance Economic Development

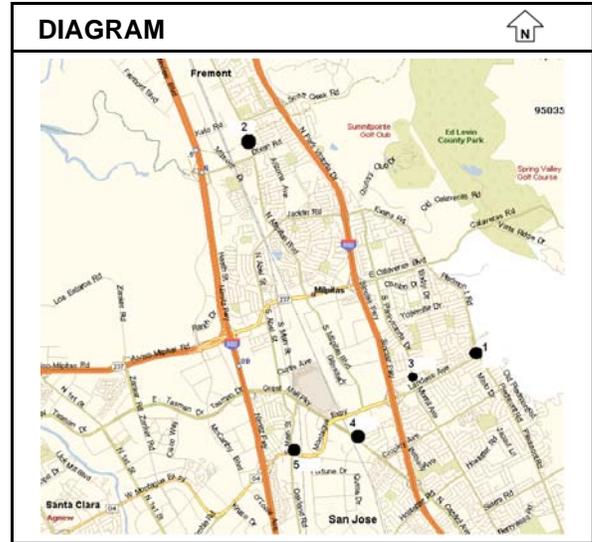

**ANNUAL MAINTENANCE COST:** \$1,000

**DESCRIPTION**

In 2006, the City Council approved the location of minor gateway signs at the following locations: 1) Park Victoria Drive at Landess Avenue; 2) South Main Street at Montague Expressway; 3) North Milpitas Boulevard at Dixon Landing Road; and 4) McCarthy Drive at Montague. These locations reflect heavily traveled intersections that will provide more visible promotion for the City.

**COMMENTS:**

The Economic Development Commission requested that funding for a third minor gateway sign be included in the 2006/07 mid year budget. Staff is working to bring the design of the minor gateways into conformance with the design of the Calaveras Blvd and Route 237 gateway feature that has been submitted for Caltrans approval. The new designs will be presented for City Council approval prior to fabrication and installation.

Category	Project	Estimate Level
Streets	4245 Minor Traffic Improvements 2009	1

**CONTACT:** Steve Chan [3324]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This project provides for improvements identified through the Clean & Safe Streets Program and unanticipated traffic-related needs. It also provides for review and analysis of neighborhood traffic concerns requested by the community and the Council. Typically, traffic calming measures are evaluated and developed in cooperation with the residents and presented to the City Council for approval and funding. This project also provides for minor traffic signal improvements such as pedestrian countdown signals and battery back up systems, as well as minor traffic studies and plan lines studies.

**COMMENTS:**

**Uncommitted Balance as of 5/31/2010:** \$57,987

Category	Project	Estimate Level
Streets	4250 Street Resurfacing Project 2010	

**CONTACT:** Jimmy Nguyen [3318]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

This project provides for the street resurfacing in 2010. The program includes a variety of pavement treatments from slurry seal to major rehabilitation and reconstruction. Streets are selected for improvements based on the City's Pavement Management System. This project also includes \$200,000 to Public Works maintenance for pothole patching.

**COMMENTS:**

There are over 122 miles of streets that are owned and maintained by the City of Milpitas. For major roadways, these improvements include an increase of the pavement structural section, in order to strengthen the pavement sections due to increases in current and projected traffic.

**Uncommitted Balance as of 5/31/2010:** \$1,206,866

Park Improvement	5086 Park Irrigation System Rehabilitation	1

**CONTACT:** Garry Mahan (2621)

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This project provides new central computer irrigation system and updates the irrigation systems at all City parks. This system will also alert staff of broken sprinklers and irrigation lines, by sensing loss of water pressure during operation. Repair response is much quicker, eliminating loss of water and water damage to the park landscaping.

**COMMENTS:**

This project will increase staff efficiency and also provide more efficient watering, resulting in reduced operational costs.

Park Improvement	5090 Park Sign Replacement Project	1

**CONTACT:** Garry Mahan (2621)

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$1,000

**DESCRIPTION**

This project provides for the replacement of 24 aging Park Signs, with the new City Standard Park name signs.

**COMMENTS:**

Current signs were installed when parks were developed and have deteriorated and are due for replacement.

**Uncommitted Balance as of 5/31/2010:** \$1,787

**City of Milpitas  
2010-15 CAPITAL IMPROVEMENT PROGRAM**

Category	Project	Estimate Level
Sewer Improvement	<b>6073</b> Sewer Deficiency Program	1

**CONTACT:** Fariborz Heydari (3303) / Steve Smith [2640]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$10,000

**DESCRIPTION**

This project involves the design and construction of sewer line replacement due to structural deficiencies, differential settlement, and damaged sewer lines. These sewer lines have been identified through unusually high maintenance and confirmed with the City's video inspection program. The following are the highest priority locations from a list of over 40 problem sites: Cortez St., Moonlight Circle, Capitol Ave., Calaveras Blvd @ Hillview, Calaveras Blvd between Milpitas Blvd and Railroad Avenue.

**COMMENTS:**

Sewer line settlement, due to such factors as ground water variations and poor soil conditions, can result in sewer line clogging which requires excessively high maintenance. Work at the following sites has been completed: Terra Bella Dr., Sponce St., Norwich at Barker, Saturn Court, Carnegie at Edsel, Corinthia Drive, Edsel @ Monmouth, Roswell @ Edsel, Dixon Landing @ Conway, Chestnut @ Larch, Heath @ Chestnut, Erie @ Tramway, Larch @ Maple, and Calaveras Blvd. between Milpitas Blvd. and Railroad Ave. Work will continue on the highest priority locations.

**Uncommitted Balance as of 5/31/2010:** \$986,448

2010-15 CAPITAL IMPROVEMENT PROGRAM**

Category	Project	Estimate Level
Sewer Improvement	<b>6079 Main Sewer Pump Station Site Improvements</b>	1

**CONTACT:** Greg Armendariz [3317] / Steve Smith [2640]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

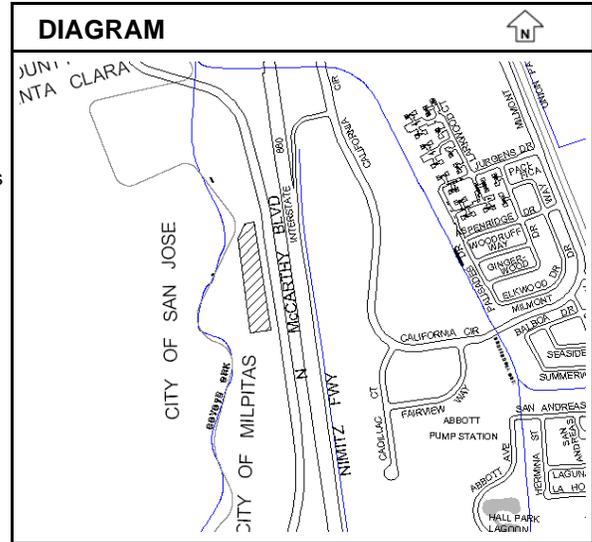

**ANNUAL MAINTENANCE COST:** \$15,000

**DESCRIPTION**

This project provides design and construction of drainage, pavement, lighting security and other improvements at the Main Sewer Pump Station (SPS). This project also involves the removal of the existing abandoned facilities, tanks, miscellaneous piping and control panels that were once part of the sewage treatment facility. In addition, this project acquires a 70' wide strip of right-of-way between McCarthy Blvd and the Main Sewer Pump Station, through a no-cost land exchange with adjacent property owner.

**COMMENTS:**

This site will be improved to accommodate the relocated Public Works Corp Yard at Main St., allowing the construction of the new Library project. This site contained several abandoned treatment plant structures. Phase I, completed in 2005, included demolition and removal of abandoned facilities and hazardous materials. The remaining work includes lighting, security improvements and photo voltaic equipment.

Category	Project	Estimate Level
Sewer Improvement	6082 Recycled In Kind Services	1

**CONTACT:** Marilyn Nickel [3347]

**PRIORITY:** Mandatory or Committed Projects

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This project tracks expenditures in accordance with the first amendment to the In-Kind Service Agreement with the City of San Jose on the South Bay Water Recycling Program approved by City Council on June 24, 1997. The project effort consists primarily of private development recycled water irrigation system retrofits. The project costs are reimbursed to the City from the South bay Water Recycling Program.

**COMMENTS:**

Work may also include evaluation of City Parks for possible conversion to recycle water irrigation. This project is being completed in phases.

**Uncommitted Balance as of 5/31/2010:** \$35,141

Category	Project	Estimate Level
Sewer Improvement	<b>6106</b> Sewer Replacement Study	1

**CONTACT:** Marilyn Nickel [3347]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This project involves field determination of the remaining useful life of the following sewer pipes: 360 linear feet of 42 inch RCP crossing I-880 at the Main Lift Station, 490 linear feet of 42 inch RCP at Cadillac Court and I-880, 310 linear feet of 42 inch RCP at Milmont near Penitencia Creek, 5,400 linear feet of 33-42 inch RCP along Milpitas Blvd between Hidden Lakes and Midwick, 90 linear feet of 24 inch RCP at Folsom and Hetch-Hetchy crossing, 1,500 linear feet of 30 inch RCP between Folsom and Escuela, and 170 linear feet of 12 inch RCP at Dempsey.

**COMMENTS:**

The Schaaf and Wheeler 2002 Depreciation Study has estimated the remaining life of the existing sewer infrastructure. This work is to field determine the condition of sewers and verify need to replace those sewers identified as having an estimated useful life ending by 2008. The study will refine the scope of work and costs, and prioritize these projects.

**2010-15 CAPITAL IMPROVEMENT PROGRAM**

Category	Project	Estimate Level
Sewer Improvement	<b>6109</b> Sewer Seismic Study	1

**CONTACT:** Marilyn Nickel [3347]

**PRIORITY:** Studies and Analyses

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This study includes evaluation of the various soil conditions in Milpitas, and existing sanitary sewer collection system. Recommendations may include new joint construction methods and retrofits at critical sites. The study will also recommend emergency response strategies for Public Works, during and after a major earthquake.

**COMMENTS:**

A substantial portion of the Valley Floor is subject to soil liquefaction during earthquakes. Movement of these pipes will cause pipe joints to pull apart. Large pipe joint displacements may lead to blockages, sinkholes, and sewer overflows, leading to health concerns. Improvement recommendations will be programmed under separate capital improvement projects.

**Uncommitted Balance as of 5/31/2010:** \$50,742

Category	Project		Estimate Level
Sewer Improvement	6112	South Bay Water Recycling Program, Phase II	2

**CONTACT:** Marilyn Nickel [3347]

**PRIORITY:** Mandatory or Committed Projects

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This project provides the City's share of Phase II South Bay Water Recycling Program Improvements (SBWRP) to develop extensions to the water recycling system as required by the California Regional Water Quality Control Board (RWQCB) as a mitigation in lieu of a Water Pollution Control Plant flow cap.

**COMMENTS:**

Based upon the June 1997 Revised Action Plan submitted to the RWQCB and the 1997 SBWRP Financing Plan, the Milpitas share of the program is \$9.543 million about \$1.248 million is being financed directly to SBWRP through grants and other sources and are not included in the total below. Under project 6080, the City paid \$5,225,653 to SBWRP for Phase II prior to June 2002. Project 6080 was closed. The next payment will be due approximately Fiscal Year 2008-2009.

**Uncommitted Balance as of 5/31/2010:** \$700,000

Category	Project	Estimate Level
Water	<b>7098 South Milpitas Water Line Replacement</b>	1

**CONTACT:** Liz Racca-Johnson [3306]

**PRIORITY:** Health and Safety Projects

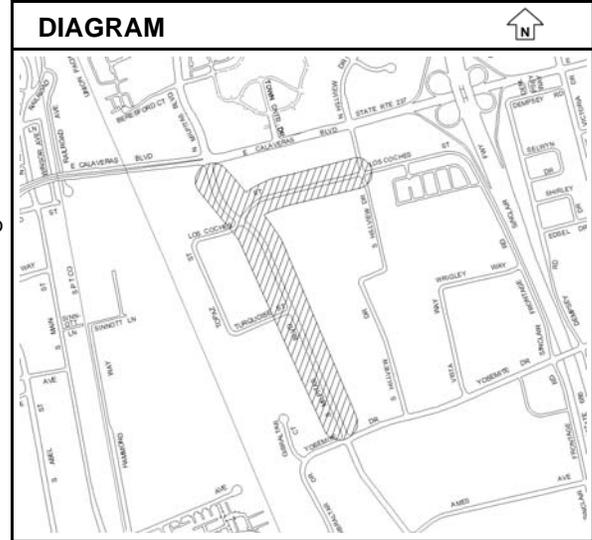

**ANNUAL MAINTENANCE COST:** \$25,000

**DESCRIPTION**

This project replaces approximately 3,900 linear feet of 16" diameter steel cylinder pipe along South Milpitas Blvd. between Calaveras Blvd. and Yosemite Drive. This pipe is in a very corrosive soil environment and has reached its useful life of 35 years. In addition, the new pipe will be designed to meet seismic strength criteria, and corrosion protection. The scope includes water valve replacements on Los Coches St.

**COMMENTS:**

The pipeline has experienced excessive corrosion which is causing line breaks. Replacement must occur to minimize impacting critical water customers.

**Uncommitted Balance as of 5/31/2010:** \$2,995,533

Category	Project	Estimate Level
Water	<b>7101 Gibraltar Reservoir &amp; Pump Station</b>	1

**CONTACT:** Kathleen Phalen [3345] / Jorge Bermudez [3313]

**PRIORITY:** Mandatory or Committed Projects

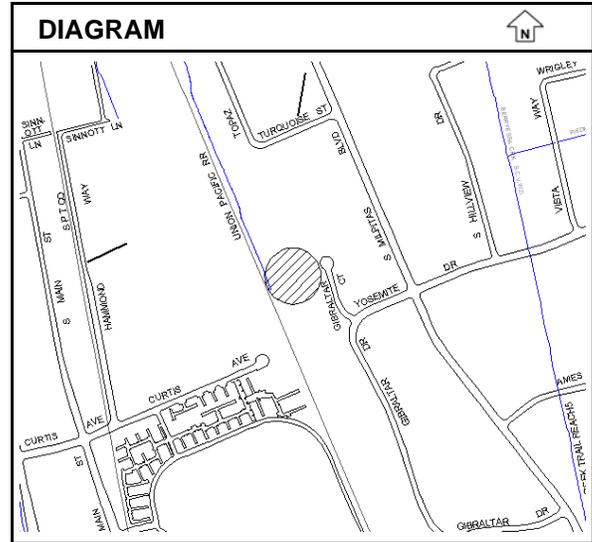

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This project provides for a complete rehabilitation of the pump station and water storage facilities, in order to comply with Bay Area Air Quality Management District (BAAQMD) and California Department of Public Health regulations. Improvements will include the replacement of pump drives with new electric motors with diesel backup generators, overhaul the pumps and operational controls to allow the station to operate more efficiently. The scope also includes seismic upgrades of building and concrete reservoir. Additional improvements include the installation of a pressure relief valve, concrete sealing of all the floors, soundproofing the control room, stair improvements, seal cracks, paint pump station and reservoir exteriors; pavement repair; exhaust system retrofit, emergency diesel generator system and diesel engines, and various other equipment, expansion of the control room and energy conservation improvements.

**COMMENTS:**

This reservoir and pump station has reached its design life and is vital to the City's water system day to day operations and the reservoir provides emergency water during service interruptions. The total cost estimate will be determined after completion of the final design, which is currently underway.

**Uncommitted Balance as of 5/31/2010:** \$1,257,477

2010-15 CAPITAL IMPROVEMENT PROGRAM**

Category	Project		Estimate Level
Water	7103	Minor Water Projects 2007	1

**CONTACT:** Steve Smith [2640]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This on-going project involves the analysis and implementation of various water projects which arise during the year. This project also provides for on-going modifications and improvements to existing water system including enhancing security at various water facilities, relocation or addition of fire hydrants, and other minor water system improvements.

**COMMENTS:**

**Uncommitted Balance as of 5/31/2010:** \$51,714

Water	<b>7104</b> Water Main Replacement Study	1

**CONTACT:** Marilyn Nickel [3347]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This project involves field evaluation of the remaining useful life of the city's waterlines including but not limited to: Lonetree, Evans between Stemel and Calle Oriente, near Dempsey and Yosemite, and along Piedmont between Yosemite and Glenview.

**COMMENTS:**

The 2002 Depreciation Study has estimated the remaining life of the existing water system infrastructure. This work is to field verify the projects identified with useful life ending by 2008, confirm need and scope of work, and prioritize these projects.

**Uncommitted Balance as of 5/31/2010:** \$239,775

Water	7107 Water Master Plan 2009	1

**CONTACT:** Kathleen Phalen [3345]

**PRIORITY:** Studies and Analyses

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This project would update the City's Water Master Plan to incorporate miscellaneous general plan amendments, Transit Area Specific Plan, recycled water analysis, environmental clearance, and impact fee analysis

**COMMENTS:**

This project is described in the Milpitas Transit Area Draft EIR (page 3.11-32). The costs of this infrastructure are reimbursable by developers.

Water	<b>7108</b>	<b>Water System Hydraulic Modeling</b>	1

**CONTACT:** Kathleen Phalen [3345]

**PRIORITY:** Studies and Analyses

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

This project provides for miscellaneous hydraulic modeling of the water system, including impacts from new developments. This project also creates the City's first hydraulic model for the recycled water system. This computer model can be used in order to handle and direct field water system operations during an emergency.

**COMMENTS:**

Modeling is also necessary to verify pipe capacity, system pressure analysis and assists in analyzing fire flow pressure with planned water line shut offs. Some costs may be reimbursable by developers.

Category	Project	Estimate Level
Community Improvement	<b>8125</b> Mobile Radio Replacement Plan	1

**CONTACT:** Bill Marion [2701]

**PRIORITY:** Mandatory or Committed Projects

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This project addresses the replacement of portable, mobile radios and supporting equipment for Police, Fire and Public Works.

**COMMENTS:**

Progress continues on the replacement of all Police, Fire and Public Works radios. There is the possibility that the F.C.C. may reorganize the emergency and non emergency radio frequencies to narrower bands. This may result in "compromised" Public Safety frequencies due to "bleed over." Complete radio equipment replacement with new technologies would be required, including additional funding (not shown).

**Uncommitted Balance as of 5/31/2010:** \$30,043

Category	Project	Estimate Level
Community Improvement	<b>8135</b> Buildings Improvements	1

**CONTACT:** Eddie Loreda [2662]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This project provides for various improvements to existing City buildings. These improvements are considered beyond the scope of routine building maintenance, and defined under the Public Contract Code as improvements which must be competitively bid and constructed. These projects are for all city buildings including the Senior Center, Sports Center, Police Department, Public Works, and Fire Stations.

**COMMENTS:**

Various improvements and upgrades to miscellaneous city facilities and comply with newer building and fire code requirements. This project will also include soundproofing for the Police Community Room, storage loft for the sign shop including stairs and railing, maintenance access for the Tasman Gateway feature, painting of the corporation yard building and carpet in Information Systems and Police. It will also replace a dry rot portion of the front wall to fire station 3, replace apparatus driveways at station 2&3, replace dilapidated fencing at station 2, and make building repair to the modular building at station 1.

**Uncommitted Balance as of 5/31/2010:** \$4,614

**FINANCE NOTES**

Budget Transfer Detail: #8147 (\$24,358) FY 05-06 Funding for Tasman Gateway Feature maintenance access.

RDA received \$100,000 settlement with WATCO to resolve complaint by city on CP 8089. Settlement will correct deficiencies by WATCO during the execution of their contract.

Grants: \$30,000 in CDBG funding appropriated July 5, 2005 and transferred to Interim Senior Center Re-roofing on October 4, 2005.

\$25,000 in RDA Tax Increment Funding was appropriated September 20, 2005 and transferred to the Interim Senior Center Re-roofing project October 4, 2005.

Mid-Year appropriation of \$14,000 from RDA Tax Increment 9/20/05. Mid-Year appropriation of \$60,000 from RDA Tax Increment 2/7/06.

Council Approval: 8/4/09 - \$77,580 from RDA Fund.

Community Improvement	<b>8154</b>	<b>Land Acquisition, Abatement &amp; Site Prep.</b>	1

**CONTACT:** Steve Erickson [3301]

**PRIORITY:** Mandatory or Committed Projects

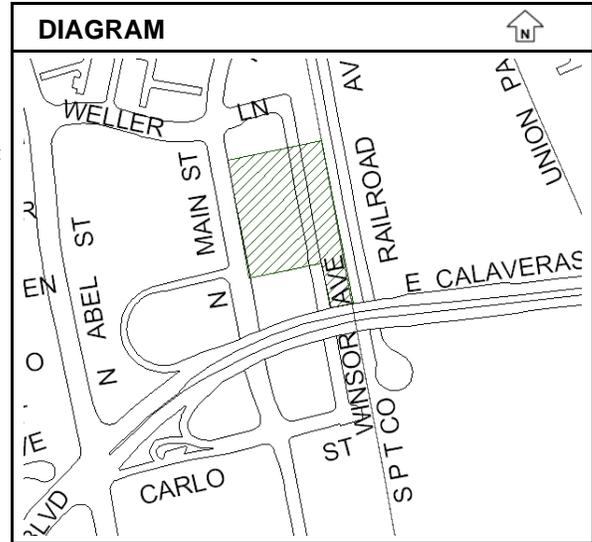

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This project includes the \$4.5 million identified in the RDA Bond proceeds cost plan for: appraisals, preparation of documents, acquisition services, and land acquisition associated with the Midtown East Parking Structure. After acquisition the project includes remediation of hazardous materials and the removal and disposal of existing structures and improvements. Work to prepare the site for bidding and construction and construction office costs are also included.

**COMMENTS:**

Property acquisition process has begun. The project will offer the sale of the Winsor Blacksmith shop and preserve portions of the building for display.

**Uncommitted Balance as of 5/31/2010:** \$557,194

<b>Totals</b>	<b>4,500,000</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>4,500,000</b>

**FINANCE NOTES**

\$4.5 million for this project was shown in the RDA Bond Allocation Cost Plan. The City Council approved the following budget: \$2.4M Real Property Acquisition; \$1.2M Haz-Mat Abatement and Site Clearing; \$0.5M Construction Office, Site Utilities and Security; \$0.4M Professional Services, Project Management and Testing.

\$571,975 to be defunded by June 30, 2010. Project to remain open for FY 2010-11.

**City of Milpitas  
2010-15 CAPITAL IMPROVEMENT PROGRAM**

Category	Project	Estimate Level
Streets	8155 Calaveras/Abel Dual Left Turn Lanes	1

**CONTACT:** Julie Waldron [3314]

**PRIORITY:** Projects Which Avoid Future Additional Costs

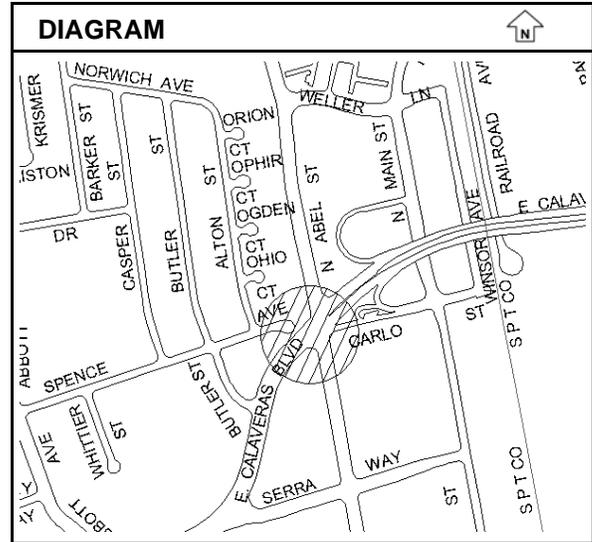

**ANNUAL MAINTENANCE COST:** \$2,000

**DESCRIPTION**

This project involves the addition of a second left turn lane from eastbound Calaveras Blvd. to northbound Abel for capacity improvements. A Midtown EIR amendment will reevaluate the traffic pattern changes, due to Carlo street off ramp proposal. This study may modify this project' workscope.

**COMMENTS:**

The cost estimates are very preliminary and might change. Project costs assumes no right-of-way acquisitions and minimal culvert and roadway improvements. If extensive right-of-way and improvements are necessary additional funding would be needed.

**Uncommitted Balance as of 5/31/2010:** \$244,439

Community Improvement	8161 Midtown Parking Garage East	1

**CONTACT:** Steve Erickson [3301]

**PRIORITY:** Mandatory or Committed Projects

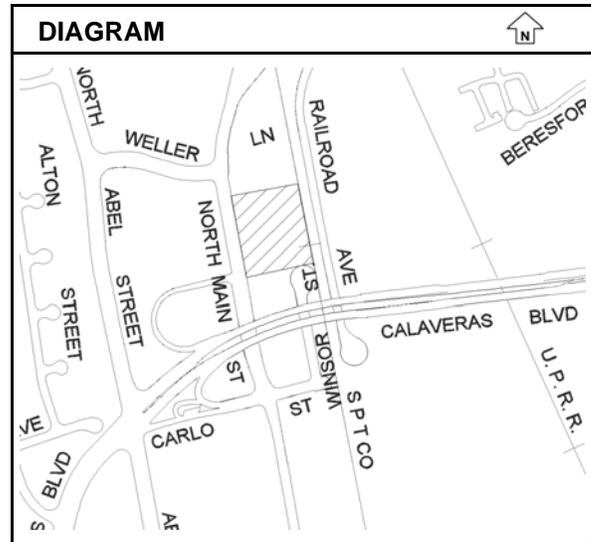

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

The new Midtown East Parking Garage will consist of a four story structure that will serve the new Library and other Midtown uses. It will be located on Main Street, South and East of the new library. The East Parking Garage will have sufficient space for approximately 280 parking spaces. Special features of the parking garage include: a public display area for the City's restored antique fire truck; attractive vehicle entries/exits; pedestrian entries, including direct entry into the new library; elevators and stairs.

**COMMENTS:**

The library garage grand opening was successfully held on January 10, 2009. Work remaining is screening and fencing along railroad, miscellaneous signage, striping and other minor work.

**Uncommitted Balance as of 5/31/2010:** \$533,584

Category	Project	Estimate Level
Community Improvement	8162 Library Project	1

**CONTACT:** Steve Erickson [3301]

**PRIORITY:** Mandatory or Committed Projects

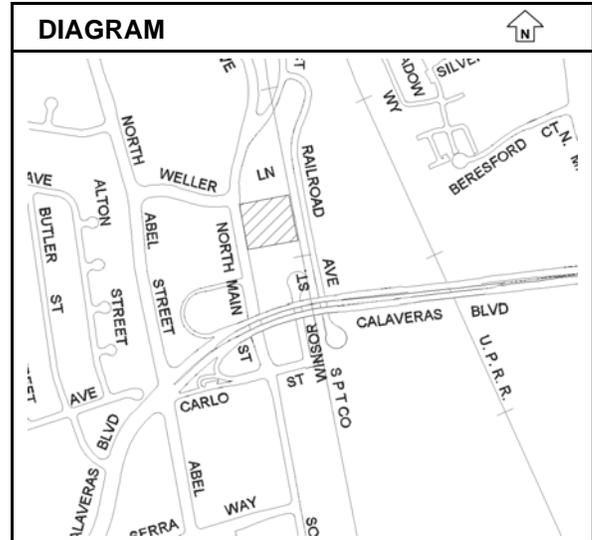

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

This project provides the design and construction of the new library, in response to the Library Needs Assessment, previously approved by the City Council and following the Library Building Program approved by the City Council. The New Milpitas Public Library will be located at the historic Milpitas Grammar School at 160 North Main Street. The new library will be approximately 60,000 square feet and will incorporate and renovate the existing historic grammar school. The library will be a two-story facility, and will be designed with multi-functional spaces, and flexibility to adapt to technological and use changes.

**COMMENTS:**

The library project grand opening was successfully held on January 10, 2009. Work remaining includes: window shades, donor board, off-site storm drain improvements, other miscellaneous minor building improvements.

**Uncommitted Balance as of 5/31/2010:** \$2,353,007

2010-15 CAPITAL IMPROVEMENT PROGRAM**

Category	Project		Estimate Level
Streets	<b>8164</b>	<b>Bart Extension Coordination and Planning</b>	1

**CONTACT:** Julie Waldron [3314]

**PRIORITY:** Mandatory or Committed Projects

**ANNUAL MAINTENANCE COST:**

**DESCRIPTION**

The Bart extension from Fremont to San Jose will pass through Milpitas and include a BART station in Milpitas. This project includes the coordination and engineering analysis of utilities, Right of Way and other BART design impacts on the City's infrastructure.

**COMMENTS:**

Coordination with the VTA for the design of the future Bart Extension will require substantial resources from the City. Most of the work involves the review of proposals, plans, identifying infrastructure improvements and engineering analysis and development of alternatives to BART proposed improvements.

**Uncommitted Balance as of 5/31/2010:** \$27,209

Streets	<b>8165 N. Main St. Midtown Streetscape Improvements</b>	1

**CONTACT:** Michael Boitnott [3315]

**PRIORITY:** Mandatory or Committed Projects

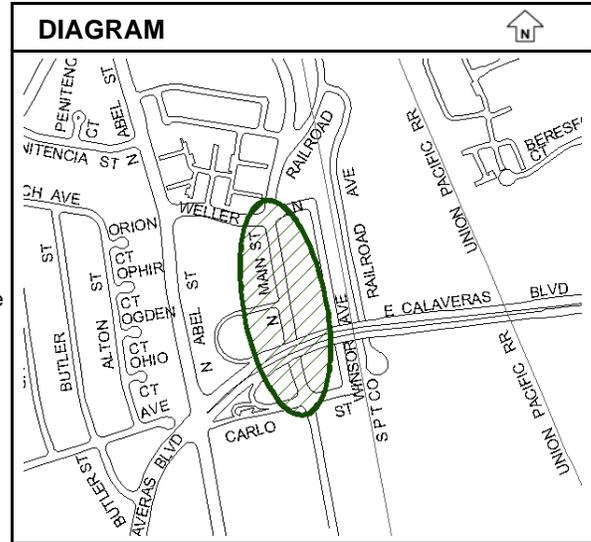

**ANNUAL MAINTENANCE COST:** \$75,000

**DESCRIPTION**

This project provides for street reconstruction and streetscape on Main Street from Weller Lane to Carlo St., in accordance with the Midtown Plan. This project transforms Main Street into a pedestrian friendly setting; with decorative lighting, street trees and other landscaping, use of traffic calming elements such as median landscape islands, narrowing the intersections, decorative crosswalks, sidewalk improvements, and street furniture. The first phase of construction improvements is from Weller Lane to 237 off ramp. The second phase is from the off ramp to Carlo Street and portions of Winsor near the new Milpitas Public Library/garage, in order to coordinate with the library improvements.

**COMMENTS:**

A construction budget will be developed after the design is complete. The scope of the construction will be adjusted to meet available funding. The Construction of phase 1 is underway and will be completed to meet the completion of the Senior Housing project. Phase 2 will be completed to meet the grand opening of the Library Project in 2008.

**Uncommitted Balance as of 5/31/2010:** \$768,158

Community Improvement	<b>8171      Emergency Operations Vulnerability Assessment</b>	1

**CONTACT:** Keyvan Irannejad [3244] / Eddie Loredo [2662]

**PRIORITY:** Studies and Analyses

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This project provides for the assessment of emergency operation facilities within the city to determine vulnerability to potential threats, risk level, failure potential and existing counter-measures as a process for applying new counter-measures as required. Facilities include the Public Works/Police Building, Corporation Yard and Sports Center.

**COMMENTS:**

The purpose of a threat and vulnerability assessment is to determine the likelihood of potential threats and the subsequent damages that may be sustained in facilities that are used for emergency operations and community shelter. The assessment is the first step in developing preparedness for such threats as earthquake, flooding, fire, etc.

Streets	<b>8194</b> Street Resurfacing Project 2009	1

**CONTACT:** Jimmy Nguyen [3318]

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This project provides for the street pavement resurfacing in 2009. The program includes a variety of pavement treatments from slurry seal to major rehabilitation /reconstruction. Streets to be selected for improvements are determined from the City's Pavement Management System. This project also includes \$200,000 to Public Works maintenance for emergency road repairs.

**COMMENTS:**

There are over 122 miles of streets that are owned and maintained by the City of Milpitas. Approximately 29 miles of streets (almost 30% of the City total) were built 30 years ago, and have not been resurfaced in the last ten years. These improvements include an increase of the pavement structural section, in order to strengthen the pavement sections due to increases in current and projected traffic.

**Uncommitted Balance as of 5/31/2010:** \$96,453

**FINANCE NOTES**

This project will be funded through the Redevelopment Agency Program using funds saved from the N Main St Streetscape.

New Project Approved by Council on 11/4/08.

Close project at the end of the fiscal year, June 30, 2010.

**City of Milpitas  
2010-15 CAPITAL IMPROVEMENT PROGRAM**

Category	Project	Estimate Level
Community Improvement	<b>8197 Civic Center Site Improvements</b>	1

**CONTACT:** Steve Erickson [3301]

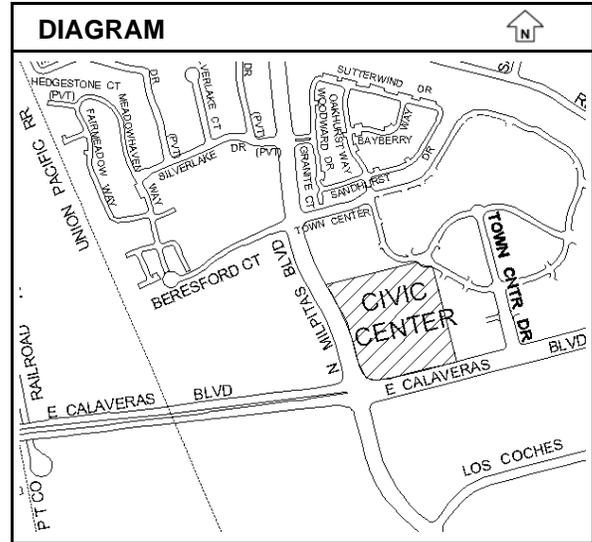

**PRIORITY:** Rehabilitation of Existing Capital Assets or Systems

**ANNUAL MAINTENANCE COST:** \$0

**DESCRIPTION**

This project provides for the renovation and rehabilitation to the Civic Center site. The work includes painting the exterior of the Community Center, replacement of the walkway to the rear of the Community Center, relocation of the Veteran's memorial, asphalt repairs, slurry seal and restriping both the Community Center and City Hall parking lots, and ADA upgrades to path of travel for the Civic Center.

**COMMENTS:**

**Uncommitted Balance as of 5/31/2010:** \$83,333

# APPENDIX A

## ESTIMATE LEVEL DESCRIPTIONS

The following are detailed descriptions for each of the three estimate levels used in this document:

### **Estimate Level 1 – Conceptual Estimate**

This level of estimating is the least accurate and is used when the conceptual idea or plan has been prepared without precise details. Examples of such would be freeway interchanges prior to completion of any plans (and estimates based thereon), projects where final location is unknown and right-of-way or land costs are involved.

### **Estimate Level 2 – Detailed Estimate**

This level of estimating is based on an approved design plan or conceptual plan which has some level of assurance that the items contained within are complete and acceptable to the approving agency. Examples of this category are most street projects where City staff has prepared estimates based on typical street structural and geometric details, using experienced bid prices. Other examples are water or sewer lines that have been proposed and identified with estimates in consultant reports.

### **Estimate Level 3 – Design Estimate**

This is the highest level of estimating and is based on a completed set of design drawings and specifications that are ready for bidding. This level is what could also be called the bid or engineer's estimate.

## APPENDIX B

### ABBREVIATIONS - DEFINITIONS

ABAG	Association of Bay Area Governments
AC	Asphalt Concrete
ADA	Americans with Disabilities Act.
CAD	Computer Aided Dispatch
CADD	Computer Aided Design and Drafting
CDBG	Community Development Block Grant
CIP	Capital Improvement Program
CRF	Capital Reserve Fund
CRS	Community Rating Service
CU	Customer
DEV	Developer
DG	Decomposed Granite
DOHS	Department of Health Service
EOC	Emergency Operating Center
FEMA	Federal Emergency Management Agency
GF	General Fund
GIS	Geographic Information System
GUI	Graphical User Interfaces
HR	Human Resources
I/I	Infiltration/Inflow
LRT	Light Rail Transit
MCT	Mobile Computer Terminal
MHS	Milpitas Historical Society
MSC	Milpitas Sports Center
OSA	Office of the State Architect
OCR	Optical Character Recognition
PF	Park Fund
PM	Project Manager
PMS	Pavement Management System
PRV	Pressure reducing valve
R/W	Right-of-Way
RDA	Redevelopment Agency
RFQ	Request for Qualifications
RMS	Records Management System
RWQCB	Regional Water Quality Control Board
SCADA	Supervisory Control and Data Acquisition
SCC	Santa Clara County
SCVTA	Santa Clara Valley Transportation Agency
SCVWD	Santa Clara Valley Water District
SF	Street Fund

SPS	Sewer Pump Station
TA	Traffic Authority
TDA	Transportation Development Act
WF	Water Fund
WLF	Water Line Extension Fund
VTA	Santa Clara Valley Transportation Authority
COP's	Certificates of Participation
TPF	Treatment Plant Fee
UPS	Uninterrupted Power Supply
Y2K	Year 2000 Compliant

## APPENDIX C

### PRIORITIZATION DESCRIPTIONS

In order to assist in the review of the various projects, all CIP projects are prioritized using the following categories (listed in priority order):

1. **Mandatory or Committed Projects**

Mandatory projects are those which the City is legally required to undertake. These include Federal or State mandated activities such as access modifications to public facilities to meet Americans with Disabilities Act requirements, Clean Water Act, etc. Committed projects are those that the City has contracted or partially completed. This can also include projects that have received grants with time restrictions. A funded project that has not yet started, does not necessarily mean that the project is “committed”, since the project is still subject to review. If this project is no longer necessary, it can be delayed or deleted and defunded.

2. **Health and Safety Projects**

Health and Safety projects are those infrastructure improvements needed for health and/or safety reasons. Examples include such projects as sidewalk repair work, installation of traffic signals and signs, modification of park playground equipment to eliminate a hazardous situation and additional lighting in public areas, etc.

3. **Rehabilitation of Existing Capital Assets or Systems**

These are projects that are required to maintain the City’s investment in infrastructure and capital equipment. This includes projects ranging from street resurfacing/reconstruction, to bridge maintenance, water, sewer improvements, facilities rehabilitation, etc.

4. **Major Service Equipment Replacement**

These are projects involving the replacement of equipment required in the operations of the City services. This would include pumps at storm drainage pump stations, MSC swimming pool pumps and motor replacements.

5. **Projects which Avoid Future Additional Costs**

This includes those projects which assists the City in reducing and/or eliminating future operating or capital costs. This would include acquisition of image processing equipment for document control, computer networking, replacing existing high maintenance landscaping with drought resistant and low maintenance plantings, automation of maintenance or data gathering activities, etc.

6. **Studies and Analyses**

This category is for projects that allow the City to examine new approaches for improvements to service delivery, cost savings, capital improvement projects and/or ways to enhance the financial stability of the City. Examples include the Calaveras Plan Line Study and San Jose Parallel Forcemain Study.

7. **Enhance Economic Development**

This category is for those projects that will attract new businesses or retain existing. Examples include the installation of utilities for future development and fiber optics installation for telecommunications.

8. **Improve the Quality of Life**

These are projects that allow the City to enhance the City’s quality of life, such as landscaping projects, new Sports Center improvements, etc.

**APPENDIX D**  
**Previously Funded Projects to be closed as of June 30, 2010**

**Community Improvement Projects**

None

**Parks Projects**

5083	Park Master Plan
5087	Calle Oriente Park
5090	Park Sign Replacement Project

**Streets Projects**

4202	Calaveras Blvd. R/R Overcrossing Sidewalk Impr.
4241	Street light & Signal Pole Painting 2008
4250	Street Resurfacing Project 2010
8155	Calaveras/Abel Dual Left Turn
8194	Street Resurfacing Project 2009
8195	Carlo Ramp/Abel dual left turn

**Water Projects**

None

**Sewer Projects**

6108	Sewer Master Plan 2009
6111	Sewer Replacement

**Storm Drain Projects**

None

**APPENDIX E  
FY 10-11**

**Projects to Be Defunded by June 30, 2010**

	<b>Project</b>	<b>Defunding Amount</b>	<b>Comments – Work Remaining</b>
8154	Land Acquisition, Abetment & Site Prep.	\$ 571,975	Monitoring of haz mat work and other work remain.
8161	Midtown Parking Garage East	\$ 150,000	Automation of firewall controls, railroad screens and additional ramp controls remain.
8162	Library Project	\$ 800,000	Various improvements including lighting and HVAC modifications.
8165	N. Main St. Midtown Streetscape Improvements	\$ 416,000	Pedestrian and drainage improvements
8169	N. Main St. Development EIR Mitigations	\$ 76,350	Regional water quality board studies & restoration mitigation.
<b>Total =</b>		<b>\$ 2,014,325</b>	

**Note: The above midtown projects are to remain open for Fiscal year 2010-11, in order to complete miscellaneous work. However, the above amounts can be defunded from each of the projects.**
