When an emergency occurs in Milpitas, the Police and Fire departments can alert you in several ways.

**Community warning sirens** are located in the NW and SW parts of Milpitas. When you hear the sirens, go to a safe place, close all doors and windows, turn off air conditioning and turn your radio to 1620 AM for information.

**The Teleminder system** can phone selected homes and businesses with a message to turn radios to 1620 AM or televisions to cable channel 15 to obtain information.

**The City’s radio station on 1620 AM** broadcasts information about Milpitas 24 hours per day and is your primary source for information in the event of an emergency.

**Cable channel 15** broadcasts information about Milpitas 24 hours per day and will be an important source of information in the event of an emergency.

**The City’s web site (www.ci.milpitas.ca.gov)** will carry important information in the post-disaster recovery phase.

*Remember... When you hear community warning sirens, go to a safe place, shut doors and windows, turn off air conditioning and turn your radio to 1620 AM.*

*If you hear a siren, do not call 9-1-1 unless you have a life threatening emergency.*
