The City is only interested in consulting firms that can execute the standard agreement without changes or reductions to the legal requirements of the agreement.

The standard professional liability insurance requirement required by consulting firms is \$2,000,000. However, due to the nature of the services requested, reduced coverage may be acceptable.

SECTION 7: FEE SCHEDULE

Provide a one page fixed fee schedule that includes the actual hourly rate for each classification of employees who will provide the requested services and the fees for related support costs (mileage, blueprint, reproduction, etc.) ***The fee schedule must be submitted in a separate sealed envelope and will not be used as part of the evaluation criteria.***

4. Key personnel identified in the proposal must be immediately available to work on the project;
5. Successful completion of background and professional reference check.

SELECTION PROCESS:

An evaluation committee consisting of City staff will review each RFP for completeness and content. Each RFP will be evaluated based upon the relevant experience of the consultant related to project QSD/QSP services for municipal construction projects.

The review and ranking of the proposals will be based upon the evaluation form shown in Attachment "C". Firms determined to be the most qualified and best fit for the City will be invited for an interview by the Consultant Review Board.

It is the City's intention to convene one or two Consultant Review Boards to interview the most qualified firms. Two or three consultants will be invited for an interview for each specialty. The interview will consist of seven to ten questions relating to specific elements of the services required, listed in Attachment "B".

No lengthy formal presentations of the firms' history or personal experience of proposed staff members will be allowed since the Board has already considered this in the written proposal.

Consultants' final placement on the list will be based on the rating of the Review Board and completion of satisfactory reference checks

A list of City support services to the Consultant is shown in Attachment "D". A sample copy of a standard City contractual services agreement is included in Attachment "E".

Individual contracts for project QSD/QSP Services will be awarded on a project-by-project basis, dependent upon the project need and being funded, and at such

times as the City needs assistance. After review of the specific needs of a project and the necessary qualifications to meet those needs, a City representative will request services from a consultant and will describe the project and scope of work to be provided by the consultant. The consultant will, in turn provide a not-to-exceed cost estimate based upon its fixed fee schedule to the City. The consultant will perform the requested services under a standard City contract – refer to Section E.

DESCRIPTION

This project provides for the installation of Midtown decorative street lighting along South Main Street from Carlo Street to Great Mall Parkway as a replacement to the existing cobra head lights. The project will be completed in phases. Conceptual cost estimates for the different project phases include: Carlo to Corning is \$3M; Curtis to Great Mall Parkway is \$1.5M; Corning to Curtis is \$1.5M. The Corning to Curtis phase would be completed after PG&E Rule 20A undergrounding of private overhead utilities. Estimates are conceptual and actual construction cost will be developed during the design process.

NOTES:

The estimated cost for PG&E Rule 20A undergrounding of overhead utilities between Corning and Curtis is \$3.3M and will be provided under the Utility Undergrounding 2020 CIP. FY16-17 funding will allow staff to begin the conceptual design phase to develop design scope and layout within the sidewalk, estimated design and construction costs, project phasing and schedule. Staff is pursuing the feasibility and formation of a Business Improvement District (BID) funded by Developer contribution's to fund the street frontage improvements along the Main Street corridor.

DESCRIPTION

This project provides preliminary engineering and City administration for the undergrounding of existing overhead electric telephone and CATV facilities at various locations Citywide. Construction is funded by the PG&E Rule 20A Program and other utilities (Approximately \$3.6 million in PG&E credits are available as of January 2013.) Once the utility underground district is created, the PG&E construction schedule is 5 to 7 years later.

NOTES:

Two projects are anticipated to draw Rule 20A funding the City has banked. The South Main Street Utility Underground District from Corning to Curtis Avenue is estimated at \$3.3M, and is programmed for FY16-17. Any remaining funding would be used to underground overhead utility wires along South Milpitas at Montague Expressway which is estimated at \$250K. PG&E estimated costs to underground conductor is \$1,000/ft not including surface restoration cost.

PRIORITY: Rehabilitation of Existing Capital Assets or Systems

DESCRIPTION

This project replaces approximately 3,400 linear feet of 12" diameter cast iron pipe along Dempsey Rd. between Calaveras Blvd. and Yosemite Dr. The pipe line was installed in the 1950's and has reached the end of its useful life. The project will also include the design of a 10,000 linear feet recycled waterline main from Los Coches St. and Hillview Dr. to Kennedy Dr. and Simas Dr. to the north and Edsel Dr. and Perry St. to the south. Construction of this recycled waterline will be funded completed by the Recycled Water by the Recycled Water Pipeline Segment 1 CIP project.

NOTES:

The pipeline has experienced excessive corrosion which is causing line breaks. Replacement must occur to minimize impacting water customers. This segment of water line is going to be constructed to the seismic back bone standard and the Water System Seismic Improvement Project is going to pay for the incremental cost of the upgrade. The City is applying for grants for the construction of the recycled waterline.

PRIORITY: Improve the Quality of Life

\$5,000

DESCRIPTION

This project provides for the extension of recycled water lines as part of the City's efforts to diversify the water supply system and respond to the ongoing drought emergency by offsetting the use of potable water. The project is divided into five segments. Segment 3 provides for the design and construction of pipeline extensions into the foothills to serve high-use irrigation customers including Summitpointe Golf Club, Spring Valley Golf Course, CalFire, and Ed Levin County Park. Segment 3 includes a booster pumping station. The total cost for Segment 3 is estimated at \$15.8M.

NOTES:

Alignments shown are conceptual. The overall recycled water expansion project has been broken out into separate projects to better accommodate the needs and timing of the various funding agencies.

Park Improvement	New Higuera Adobe Park Caretaker Cottage Renovation	1

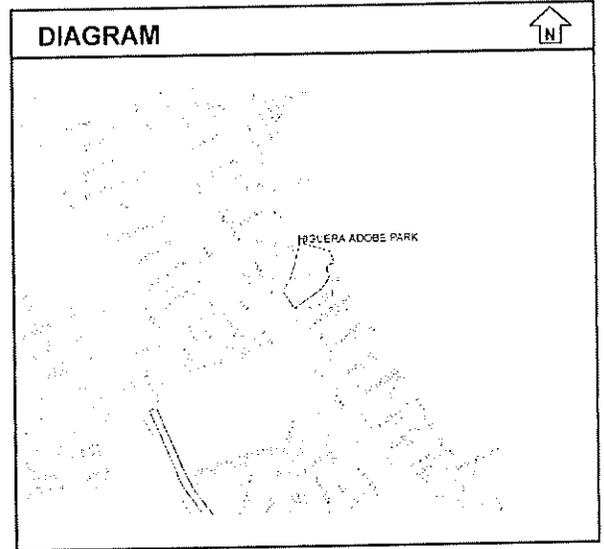

CONTACT: Steve Erickson [3301]
PRIORITY: Rehabilitation of Existing Capital Assets or Systems
 \$5,000

DESCRIPTION

This project will be completed in phases and provides for the interior and exterior restoration of the Higuera Adobe Park caretaker cottage. Project phases would develop a plan for the desired future use of the renovated structure; assist staff in determining the extent of required improvements and restoration; determine state and federal requirements for renovation of historic structures; and determine required permitting and code compliance. Design and construction cost estimates and schedule will also be developed in future project phases.

NOTES:

The initial FY17-18 funding will provide for an assessment of the level of required building repairs and a determination of the historic and code related improvement required based upon the desired use of the structure. This assessment will develop the costs estimates and schedule for the design and construction the improvements. Funding will be through the Santa Clara County Open Space Authority.

In addition to any other remedies City may have if Consultant fails to provide or maintain any insurance policies or policy endorsements to the extent and within the time herein required, City may, at its sole option exercise any of the following remedies, which are alternatives to other remedies City may have and are not the exclusive remedy for Consultant's breach:

- Obtain such insurance and deduct and retain the amount of the premiums for such insurance from any sums due under the Agreement;
- Order Consultant to stop work under this Agreement or withhold any payment that becomes due to Consultant hereunder, or both stop work and withhold any payment, until Consultant demonstrates compliance with the requirements hereof; and/or
- Declare Consultant in material breach of the Agreement and terminate the Agreement.

4.6 Waiver. The Risk Manager of the City has the authority to waive or vary any provision of Sections 4.2 through 4.5. Any such waiver or variation shall not be effective unless made in writing.

Section 5. INDEMNIFICATION AND CONSULTANT'S RESPONSIBILITIES. Consultant shall indemnify, defend with counsel reasonably acceptable to the City, and hold harmless the City and its officials, officers, employees, agents, contractors, consultants, and volunteers from and against any and all losses, liability, claims, suits, actions, damages, and causes of action arising out of any personal injury, bodily injury, loss of life, or damage to property, or any violation of any federal, state, or municipal law or ordinance, to the extent caused, in whole or in part, by the willful misconduct or negligent acts or omissions of Consultant or its employees, subcontractors, or agents, by acts for which they could be held strictly liable, or by the quality or character of their work. The foregoing obligation of Consultant shall not apply when (1) the injury, loss of life, damage to property, or violation of law arises wholly from the negligence or willful misconduct of the City or its officers, employees, agents, contractors, consultants, or volunteers and (2) the

actions of Consultant or its employees, subcontractor, or agents have contributed in no part to the injury, loss of life, damage to property, or violation of law. It is understood that the duty of Consultant to indemnify and hold harmless includes the duty to defend as set forth in Section 2778 of the California Civil Code. Acceptance by City of insurance certificates and endorsements required under this Agreement does not relieve Consultant from liability under this indemnification and hold harmless clause. This indemnification and hold harmless clause shall apply to any damages or claims for damages whether or not such insurance policies shall have been determined to apply. By execution of this Agreement, Consultant acknowledges and agrees to the provisions of this Section and that it is a material element of consideration.

In the event that Consultant or any employee, agent, or subcontractor of Consultant providing services under this Agreement is determined by a court of competent jurisdiction or the California Public Employees Retirement System (PERS) to be eligible for enrollment in PERS as an employee of City, Consultant shall indemnify, defend, and hold harmless City for the payment of any employee and/or employer contributions for PERS benefits on behalf of Consultant or its employees, agents, or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of City.

Consultant may not assign this Agreement or any interest therein without the prior written approval of the City. Consultant shall not subcontract any portion of the performance contemplated and provided for herein, other than to the subcontractors listed in the Consultant's proposal, without prior written approval of the City.
- 8.5 **Survival.** All obligations arising prior to the termination of this Agreement and all provisions of this Agreement allocating liability between City and Consultant shall survive the termination of this Agreement.
- 8.6 **Options upon Breach by Consultant.** If Consultant materially breaches any of the terms of this Agreement, City's remedies shall include, but not be limited to, any or all of the following:
- 8.6.1 Immediate cancellation of the Agreement;
