

Suggested Routes to School Program

The Suggested Routes to School Program provides you with the information that will increase your awareness and help improve your choices as you walk or ride your bicycle to school. The routes shown are the more direct routes many of your schoolmates use. You should always walk or ride your bike with a “buddy”, whether it be a classmate or an adult when traveling to and from school.

The City of Milpitas cannot guarantee the safety of the suggested routes. All parents are encouraged to inspect the routes on their own to ensure that the routes are as safe as possible.
