Approval of the June 11, 2011 Agenda

M/S: Leon/Faupell

All Ayes

V. APPROVAL OF THE MINUTES

Approval of May 9, 2011 Minutes

M/S: Leon/Faupell

All Ayes

VI. PUBLIC FORUM

Rob Means, 1421 Yosemite Drive

Mr. Means distributed a handout with the following requests:

- Request to agendaize a recommendation to the City Council to join the Us Mayors Climate Protection Agreement
Vice Chair Briones stated this item can be discussed with the Climate Action Plan
- Suggestion to discuss the California Vehicle Code
- Announcements:
 - Personal Rapid Transit is now operating at Heathrow Airport London. A Santa Cruz group is promoting a PRT and produced a video on YouTube.

BICYCLE PEDESTRIAN ADVISORY COMMISSION
APPROVED MINUTES

- Rebuild the American Dream grassroots movement

VII. ANNOUNCEMENTS

1. Chair Announcements

The Vice-Chair had no announcements.

2. Commission Announcements-Commissioner reports on BPAC meetings

- **Commission Announcements**

There were no announcements

- **VTA BPAC Report (Commissioner Faupell)**

Commissioner Faupell shared the VTA BPAC agendas from the previous meetings. The VTA BPAC discussed the following items:

- Bicycle Expenditure Plan Presentation on where funding comes from
- Annual Monitoring Conformance Report
- Valley Transportation Plan 2040 Projects
- BPAC Work Plan
- Ms. Spuller stated she can provide these documents via email links to the website.

3. Staff Announcements

There were no announcements

VIII. OLD BUSINESS

1. Suggested Routes to School update

Ms. Spuller stated the Safe Routes to School Grant is in progress with a potential to continue the next Walk to School Day event in October. The Suggested Routes to School Map will be complete this week. She will share these with the Commission at the next meeting.

2. Santa Clara County Public Health Department Communities Putting Prevention to Work (CPPW) Grant

Ms. Spuller reviewed the City Council Let's Move Campaign resolution and the link to transportation and obesity. Ideas were discussed at the last meeting. She stated projects that would require long term management and maintenance such as the Boltage program (school walking and biking program) would be harder to continue once the grant is over.

Ms. Spuller stated there is a two-prong approach to the grant- to promote nutrition change which would be an activity she is researching with the Recreation Department and transportation such as promoting through policy bicycling and walking. She proposed promoting bicycle racks at private businesses such as shopping centers which would include purchasing racks. She also suggested bicycle training and LCI Certification for adults to carry forward into the community and County.

Vice Chair Briones stressed the importance of teaching adults of students [bicycle safety] to teach their children. He stated that the helmet law should be better enforced.

Commissioner Faupell agreed to the promotion of bicycle parking.

Public comment:

Kristal Caidoy, 7 Homme Way, asked if colored striping can be included. Ms. Spuller stated that staff uses the state-wide code for traffic control devices which yet have colored striping for bike facilities. Some cities are trying new striping to make it more visible.

Vice Chair Briones stressed the importance of finding a program to utilize the funding.

IX. NEW BUSINESS

1. Climate Action Plan

Ms. Spuller provided a verbal update on the Climate Action Plan. Staff is working with a consultant to complete the plan. Measures to reduce greenhouse gas emissions are in progress and will be shared with the commission at the next meeting. There will be a public meeting at the Planning Commission to review the draft measures. She will make sure an invitation to the meeting will be sent to BPAC. The importance of BPAC would be the vehicle emissions reductions and the part promoting alternate transportation such as bicycling, walking, and transit.

It was questioned whether the best forum to use is the Planning Commission.

Ms. Spuller will keep the commission posted on upcoming progress.

In regards to Mr. Means request to review the Climate Protection Agreement, staff and members of the Commission will review and agendaize for the next meeting to provide their thoughts and Mr. Means suggestion to recommend the City Council sign the agreement? Council Member Gomez suggested Mr. Means attend a City Council meeting to request this agreement directly. This item will be discussed at the next meeting.

2. Bicycle Parking

Ms. Spuller distributed June 2008 meeting minutes and a spreadsheet submitted to the VTA regarding bicycle parking needs.

There is a multiple approach the BPAC would like to take regarding bicycle parking:

- An ordinance change to condition bicycle parking for new development. Ms. Spuller will provide process information
- Provide a request on the City's website asking the community where bicycle parking is needed
- Commissioner Lee suggested contacting the Milpitas Chamber of Commerce to survey their businesses. This can be accomplished through an email survey link asking short questions such as if bike parking is provided, how many, location.
- Pass-by survey of commissioners that ride to locations within Milpitas.
- Commissioner Faupell will look for his google map of bicycle
