Hi Jose:
I was thinking this may be something the Economic Development Commission would like to pursue.

All the best,

Althea Polanski

Happy Monday everyone,

You may have seen this article in the Mercury News today but I thought I'd share anyway. I know that the Telecom Commission does not necessarily have such items on its charter but this is something I have brought up a few times and feel strongly about - how can we make Milpitas be known as a home to technology powerhouses?

Best regards,
Sumeet
