Subject: Dedication to Kamaljit Kaur Kang

To Whom It May Concern:

I, Dhanwant Singh Dhaliwal, am writing this letter in reference to dedicate 1-3 benches and 2 shaded trees the Murphy Park in Milpitas in the honor of Mrs. Kamaljit Kaur Kang. After finishing her Masters from New Delhi, India, Mrs. Kang moved to United States with her husband. She had worked at the Disabled Care Center in San Jose for many years. When in year 2011 she came to know that she has a Cancer, her dedication towards working for those disabled people did not stop. She kept on working for them in the same manner she had been doing for years. She has done lots of community services for Indian community as well for all other communities. She is very open heart person and always there for someone in need.

Now when she is being diagnosed with Cancer and knowing that she has only few months to live, Mrs. Kang still lives her day very happily and she tries to make every moment precious for her and her family. She is fighting with her Cancer with full strength and never let herself down and became burden on anyone. She is a very strong personality and we all have learnt so much from her. She always welcomes everyone with a big smile and tells everyone to stay happy in any situation "God has put you through"!

This is my humble request to the City of Milpitas on behalf of Mrs. Kang's family and everyone whom life was touched by her warm nature and personality, to please allow us to dedicate 1-3 benches and 2 shaded tree at the Murphy Park in honor of Mrs. Kamaljit Kaur Kang.

Sincerely,
