Subject: Items to report for next sister city meeting

Dennis,

Here is the email from Gabrielle,

We don't have much time left to plan for this trip, plus I may not be able to go either given my job situation now. But we should present this report at the next sister city meeting.

I also attach the itinerary file from her.

I will send a copy to Brenda and folks at MHS. Let's see how many people will respond, and see if we have some leaders emerge to lead this trip if I can't go.

It maybe better to push it out to December or next year.

The cost will not be any lower than US 2,000.00 per person just by looking at this estimate. The price quoted here does not include round trip airfare from US to China.

Regards,
Gwan
