TO: Mayor & City Council
FROM: Chief Pangelinan, Acting City Manager
RE: WEEKLY ISSUES UPDATE
DATE: August 25, 2017

BUILDING AND OCCUPANCY PERMITS: Building permit application was submitted by VTA Bart, for the grading at 555 East Capitol Avenue at an estimated construction cost of $250,000.

Occupancy permit applications were submitted by two new businesses moving to Milpitas:
1. Bay Area Pro Painting, Inc., construction painting company located at 1750 Houriet Court.
2. Bay Area Realty Investment, real estate office relocating from San Jose to 1605 South Main Street.

The following businesses have received final inspection and are now open for operation:
1. Elixir Medical, medical research development business, located at 520 North McCarthy Boulevard.
2. Tancino Law Offices, law office relocating within Milpitas to 500 East Calaveras Boulevard.
3. Rajyoga Meditation & Research Center, meditation center at 540 South Abel Street.

CONSTRUCTION UPDATE:

McCarthy Creekside Development, 5 single story high pile storage warehouse use shell buildings, total of 926,000 sf and 1 retail/restaurant building of 6,000 sf by McCarthy Ranch developer located at 625 North McCarthy Boulevard: Ground breaking ceremony was held by the developer on Friday, August 18, 2017. The Building and Safety Department was one of several departments that joined the mayor and three council members for the ceremony. The photos above show some of the participants assisting with the ground breaking and a rendering of one of the building under construction.

Code enforcement at Printy Avenue:
The Building and Safety Department responded to assist police, fire and neighborhood services with a tenant of a home at Printy Avenue with trash, junk and abandoned vehicles in front of the residence including on the sidewalk and out into the street. The Building Department found several violations of the Health and Safety Code and posted the home prohibiting sleeping in the building due to unsafe conditions. The Building Department continues to assist in getting the property cleaned up and rendered safe for occupancy at the request of the property owner. See photos on the left and right.
**POLICE DEPARTMENT UPDATE:** On **Tuesday, August 22, 2017** at 10:00 AM, the Milpitas Police Department held a Back to School Crossing Guard meeting. Topics of discussion were pedestrian and traffic safety, school district calendar, attendance policies and procedures.

On **Wednesday, August 23, 2017** members from Milpitas Al-Hilaal Center located at 90 Dempsey Road met with Police Chief Steve Pangelinan to thank the Police Department for their support during the holy month of Ramadan.

On **Friday, August 25, 2017** from 11:00 PM to 2:00 PM, an officer attended a Health and Safety Fair for employees at Northland Controls located at 1533 California Circle.

**HUMAN RESOURCES DEPARTMENT NEWS:** Human Resources revamped the Harassment Prevention Training for 2017. Upcoming training classes will be held for all employees to participate.

**CURRENT EMPLOYMENT OPPORTUNITIES:** Human Resources is accepting applications this week for the following employment opportunities. Interested candidates can find positions at [www.ci.milpitas.ca.gov/jobs](http://www.ci.milpitas.ca.gov/jobs) and [www.calopps.org](http://www.calopps.org) in addition to the City of Milpitas LinkedIn page and @MilpitasCityJob Twitter account.

**Open Competitive Opportunities:**
- Associate Engineer (Land Development)
- Desktop Technician
- Senior Accountant
- Communications Dispatch Supervisor
- Communications Dispatcher
- Economic Development Specialist
- Engineering Director/City Engineer
- Police Officer (entry-level and lateral)
- Permit Center Manager

**Open Recruitments (Temporary Position with Benefits):**
- Building Inspector – continuous

**Closed Recruitments (Internal and Promotion Opportunities):**
- Senior Building Inspector
- Senior Plan Check Engineer

**Temporary Opportunities:**
- Adult Crossing Guard
- Fitness Instructor
- Head Swim Coach
- Public Works Inspector (Land Development)
- Recreation Leader: After the Bell Program
- Recreation Leader: Building Attendant
- Recreation Leader: Referee

**Oktoberfest!** Join the City of Milpitas in their Celebration of Oktoberfest. Attendees will celebrate this fun celebration with German food and culture while having the opportunity to enjoy numerous local microbrews. This event will have lots of family fun, food and live entertainment throughout the day.

**ATTACHMENT(S):**

A) Mailer: Milpitas Initial RES service guide F
New Recycling & Garbage Collection Program

- **Cart Selection Mailer:** The attached mailer\(^A\) will be delivered to single family households this week. It provides a unique identifier to select a cart size, a response card, and reviews the entire solid waste collection system starting on December 1, 2017. Cart selections requested by September 30, 2017. The medium size cart will be delivered in late November if no response is received by mid-October.

BART Construction (at over 95% complete) will create intermittent traffic impacts in the following areas:

- **Montague Expressway:** Montague Expressway now has a street-level bridge that will pass over future BART that is in a trench below. To minimize impacts to the travelling public during peak commute hours in the AM and PM, all lanes will be open. The contractor for the County’s Montague Widening project, OC Jones, has completed their second stage of construction and they partially reopened South Milpitas Boulevard on February 5, 2017, for “right-in, right-out” only. For this 3rd phase of construction, there will be no left turns from or onto Montague Expressway.

- **Calaveras Boulevard:** VTA’s C741 contractor (Wabo Landscape & Construction) installed new fence posts along the eastbound (south) side of the Calaveras Bridge above BART last week. They need to install the fence fabric now. This work will require a single-lane closure for eastbound direction only and is planned to start Tuesday (08/22/17) evening at 9:00 PM and be completed by Friday morning at 6:00 AM.

- **Abel Street:** VTA’s C741 contractor (Wabo Landscape & Construction) will be installing a new fence on the south side of the Abel Street Bridge above BART. This work will require a #2 lane closure eastbound starting Friday (08/25/17) at 8:00 AM. The lane will be reopened by 3:00 PM that day to reduce impacts to traffic during peak hours; however, it will be closed again on Monday (08/28/17) at 8:00 AM and reopened again that afternoon.

- **Capitol Avenue:** SSH recently completed their final reconstruction of northbound Capitol Avenue with three through lanes starting just north of the BART trench. VTA recently announced that the 2-month temporary closure of the Montague Light Rail Station is completed and the Station has been reopened to full operations.

- **Dixon Landing Road:** SSH completed the majority of their roadway improvements during the previous single lane closures and placed the permanent striping. A temporary left-turn lane, from southbound Milmont Drive, was installed through the median in order to provide an alternate access to the “7-11” shopping center. This was recently removed and the median was restored, since the alternate “7-11” driveway on Dixon reopened in mid-March 2016.

- **Piper Drive:** One lane in each direction was re-opened to the public since May 2, 2014. In order to complete the final paving, SSH will implement a one-day full closure this Saturday August 26, 2017 starting at 7:00 AM until 7:00 PM. Parking will not be allowed along the entire length of the roadway and a detour for access will be provided from South Milpitas Boulevard.

- **Entire BART alignment through City of Milpitas:** VTA recently announced that the project is no longer ahead of schedule. While it does remain under-budget, the new completion date is now on-schedule for passenger service by June of 2018. Now that the tracks are fully energized, train testing can begin soon! In fact, the first power train run is tentatively scheduled for September 6, 2017 through September 10, 2017. Some future testing will need to occur during the night and early morning hours. **VTA will notify the City at least a week prior to night testing.**
Design & Construction Engineering Section

Projects Impacting the Public:

- **Alviso Adobe Phase V – Interior Restoration (CIP 5055):** This project provides for the restoration of the first floor of the Alviso Adobe. A design contract was approved by the City Council on August 16, 2016. The concept design was approved by PRCRC on February 6, 2017, and was approved by the City Council on May 16, 2017. Staff is reviewing the 35% design submittal.

- **Marylinn Drive Sanitary Sewer Replacement (CIPs 6115 & 6116):** This project provides for the replacement of a 27” & 30” diameter sanitary sewer pipeline along Marylinn Drive and under I-880. The project was advertised and bid opening was on July 19, 2017. No bids were received. Due to the pending October 15 deadline for work adjacent to Penitencia Creek as mandated by State Fish & Wildlife permit, the project is on hold until December 2017. The project will be re-advertised in December 2017 and Bid opening will be in February, 2018. Project construction is anticipated to start March or April of 2018.

- **Milpitas Sports Center Pool Repairs (CIP 3408):** The project repaired and resurfaced three sports center pools. Construction was completed on time and within budget on May 5, 2016. Council approved initial acceptance of the project on September 20, 2016, and the project is in the one-year warranty period.

- **Light Rail Median Landscaping (CIP 2001):** This project provides for landscape improvements within the medians along Great Mall Parkway, from I-880 to the southern City limits. The new landscape will be irrigated with recycled water. The project completion date is anticipated in September 2017.

- **Dempsey Road Water line Replacement (Projects 3709, 7100 & 7118):** This project provides for the replacement of portions of the water main, storm drainage, and installation of recycled water mains along Dempsey Road, between Yosemite Drive and Calaveras Boulevard, and the final design is underway.

- **237/McCarthy Boulevard Median Landscaping (CIP 4274):** This project provides for median landscaping and irrigation, for the medians at the 237/McCarthy Boulevard Interchange. A Funding Agreement, between VTA and the City, was executed in 2012 to provide funding for this project and to allow VTA to administer the construction. Construction is underway. The work is anticipated to be complete late 2017.

- **Milpitas Midtown East Parking Garage (CIP 3407):** The project provides for the electric motor operation of fire doors within the garage and library. Construction is complete and the project was accepted on March 7, 2017 and is in the 1-year warranty period.

- **Berryessa Creek Improvement Project (Army Corp of Engineers/SCVWD):** The Santa Clara Valley Water District (SCVWD) and the Army Corp of Engineers are completing flood control improvements for upper Berryessa Creek, from I680 north to State Route 237 (Calaveras Boulevard). The project is under construction and includes the relocation of various City utilities within District right-of-way. The project will also upgrade City storm drain outfalls to Berryessa Creek and extend the City’s walking trail/path network from Calaveras Boulevard south to Yosemite Drive. The project is anticipated to be completed in 2018.

- **Sports Center Sports Fields (CIP 5104):** This project provided for the installation of a synthetic turf football/soccer field and a smaller multi-purpose field, including lighting and related furniture and equipment. Construction is complete and the project was accepted on February 7, 2017. Currently the project is in the one-year warranty period.

- **Higuera Adobe Park Renovation (CIP 5097):** This project provides for the renovation of the picnic areas, installs new walking pathways, benches, tables, and sidewalks, installs new landscaping, trees, and irrigation systems, and replaces play equipment. Parking lot surface improvements are also included. The anticipated project completion date will be by the end of August, 2017.
- **Bridge Improvement Project (CIP 4271):** This project provides for the repair and resurfacing of City-owned bridges, as identified by Caltrans as deficient and in need of maintenance. Construction is complete, the project was accepted on February 7, 2017, and is in the 1-year warranty period.

- **Wrigley-Ford Creek Erosion Repair (CIP 3700 & 3706):** This project provided repair of erosion damage to the Wrigley-Ford creek riparian mitigation area. Construction is complete. Project was accepted by the City Council on November 15, 2016 and is in the one-year warranty period.

- **Cathodic Protection Improvement – Main Sewer Pump Station (CIP 7115):** This project provides for the installation of corrosion protection for the sewer force main system within the Main Sewer Pump Station, at North McCarthy Boulevard. The project will also evaluate the City-owned sewer force main system between the Main Sewer Pump Station, at North McCarthy Boulevard, and the San Jose Wastewater Treatment Plant, at Zanker Road. The evaluation is an update to the City’s 2012 Annual Survey and Cathodic Protection Condition Assessment. Due to mechanical repairs needed at the Main Sewer Pump station, the project will be re-bid in spring 2018 after repairs to the required equipment is complete.

- **McCandless Park (CIP 5102):** This project provides for a new public park, adjacent to the new Milpitas Unified School District Elementary School, located on the east side of McCandless Drive, south of Montague Expressway, in the Transit Area. The park will provide approximately 4 acres of City public park space which will include play fields, athletic courts, parking, picnic area, play structure, and restrooms. City and school staff continue to coordinate project related issues, including construction of a pedestrian bridge over East Penitencia Creek and a groundwater well on the new park. The City Council approved contract agreement with the park designer on February 21, 2017. Design phase started in mid-March 2017.

- **McCandless School:** Staff have reviewed and approved the offsite improvements for MUSD’s new elementary school on McCandless Drive. The offsite improvements include new utility laterals serving the school, sidewalks, street trees, bio-retention storm systems, and the widening of a portion of McCandless Drive. School construction is anticipated to be completed in 2018.

- **New Midtown Street Light Project (CIP 3430):** This project provides for the phased installation of Midtown standard decorative street lighting along South Main Street, from Carlo Street to Great Mall Parkway. The first segment of lighting design and installation will be from Carlo Street to just north of Corning Avenue. The engineering design phase commenced in January, 2017 for Segment 1 (from Carlo Street to Corning Avenue) and is anticipated to be completed in 2018.

- **Utility Underground 2017 Project (CIP 3425):** This project provides preliminary engineering, support services, and coordination to the Pacific Gas & Electric Company (PG&E) for the creation of a new Rule 20A Utility Underground District (UUD) on Corning Avenue, from South Main Street to North Abel Street and South Main Street from Corning Avenue to East Curtis Avenue. The new underground district will utilize PG&E’s Rule 20A funds for construction of the utility undergrounding of existing overhead pole mounted electric, cable, and AT&T lines along South Main Street and Corning Avenue. The City Council approved the Resolution creating the UUD on January 3, 2017. Staff has submitted documentation to PG&E to enter the Rule 20A program. PG&E estimates their design process will start in October 2017.

- **Daniel Court Water Main & Service Replacement (CIP 7110 & 7131):** This project will provide for the construction of waterline, service laterals, and replacement of water meters and fire hydrants on both sides of Daniel Court, east and west of North Park Victoria Drive. Construction is approximately 85% complete and the new water main and services are in use. Pavement restoration is currently underway.

- **TASP Underground Utility District (CIP 4281):** This project provides for the creation of a new utility underground district to underground existing overhead PG&E, Cable TV and AT&T lines within TASP redevelopment area, along South Milpitas Boulevard and Montague Expressway. The new district would be administered by the City and the design and construction to be completed by PG&E, using the City’s and County’s Rule 20A funds. Staff is working with PG&E to implement the requirements for the district. PG&E estimates their design process will start in October 2017.
• **Well Upgrade (CIP 7076):** This project will provide for a new potable water well within McCandless Park, which is currently under design and is located east of McCandless Drive, south of Montague Expressway. The design and installation of the well will be executed in phases. Phase 1 design services will provide for the evaluation of the hydrogeologic characteristics of the McCandless site, including installation of a test bore hole. The designer will acquire a contractor to drill a test hole to verify aquifer volume and water quality in September 2017.

• **Street Resurfacing 2017 Project (CIP 4284):** This project provides for the localized repair of failed asphalt concrete pavement, resurface asphalt concrete pavement, install ADA compliant sidewalk ramps, repair damaged sidewalk, curb and gutter and reinstall pavement delineation on the following street segments:
  1) Milpitas Boulevard between Hanson Court and northerly City limit
  2) Dixon Landing between Milpitas Boulevard and 400 feet east of Milmont Drive

This project will also include localized repair of failed asphalt concrete pavement on the following street segments:
  1) McCarthy Boulevard between Ranch Drive and northerly City limit
  2) Abbott Avenue between Calaveras Boulevard and Rudyard Drive
  3) Main Street between Corning Avenue and Curtis Avenue
  4) Yosemite Drive between Milpitas Boulevard and Vista Way
  5) Dempsey Road between French Court and Landess Avenue
  6) Tasman Drive between Alder Drive and I-880 Overpass

Contractor is performing asphalt pavement base repair on McCarthy Boulevard and Tasman Drive.

### Land Development (Private Development Projects):

Your Gray Garbage/Food Scraps Split Cart

Keeps food scraps out of the landfill!

GARBAGE
Non-Recyclable Glass
Non-Recyclable Paper
Non-Recyclable Plastics NOT marked with ♻
Other
• clothes hangers
• diapers & personal hygiene items
• foam and Styrofoam
• pet foods (please bag)
• plastic bags
• shoes, clothing, & toys (that cannot be donated)
• treated wood

FOOD SCRAPES & FOOD-SOILED PAPER
All Fresh, Frozen, Cooked & Moldy Food Scraps
Including
• peels, pits & rinds
• dairy products
• bread & pasta
• coffee grounds & tea leaves
• meat & bones
• vegetable scraps & vegetables

Food-Soiled Paper
• napkins & paper towels
• newspaper & kraft paper bags

The Handy Kitchen Pail. Use it to store your food scraps until you empty it into the food scraps side of your gray garbage/food scraps split cart. Do not place the pail at the curb for collection.

Your new cards will be delivered during the month of November 2017. New collection service will begin December 1, 2017.

Starting December 1, 2017, follow these guidelines to help us provide clean and efficient service.

• Be sure your carts are the curb by 6:00AM on your collection day.
• Leave the carts at the curb until we’ve emptied them. Our trucks can arrive at different times each week.
• Leave 3 feet between each cart where possible.
• Place your carts facing the street with wheels against the curb.
• Do not overload your carts. The lids should close completely.
• Do not wedge or compact materials into your carts.
• Remember to sort your waste! Taking a moment for proper sorting will decrease the amount of garbage going to the landfill and offset negative impacts such as greenhouse gas emissions and odor.
• Do not wash or compact materials into your cart. Doing so will prevent your cart(s) from being fully emptied when serviced.
• Overflow garbage will not be collected unless you have afforded pre-paid tags to your trash bag. Contact Milpitas Sanitation to purchase tags or to arrange for additional service.

To help us provide clean and efficient service, starting December 1, 2017, please:

• Do not place the pail at the curb for collection.
• Do not wedge or compact materials into your carts.
• Overflow garbage will not be collected unless you have afforded pre-paid tags to your trash bag.
• Contact Milpitas Sanitation to purchase tags or to arrange for additional service.

Milpitas Sanitation Offers Weekly Curbside Collection of the Following: Household Batteries

Place A. AA, AAA, C, D & 9-volt batteries inside a clear plastic zipper-lock style bag. Place on top of your blue recyclables split cart for collection. No other automotive liquids accepted.

Motor Oil Filters

Containers in a sealed plastic bag on the curb (not in the gutter) next to (not inside) your blue recyclables split cart for collection.

Milpitas Sanitation is proud to be your new service provider for recyclables, yard trimmings, garbage and food scraps; starting December 1, 2017! As part of the new residential curbside collection program, each Milpitas single family residence will receive new collection carts. Residents must choose the right-sized garbage/food scraps split cart that best fits their needs. A 96-gallon recyclables split cart, a 96-gallon yard trimmings cart and a kitchen pail will be delivered and are included at no additional cost.

There are three ways to choose your garbage/food scraps split cart size:

3. Phone: Call us at 408-988-4500. Please visit our website at www.MilpitasSanitation.com or call us at 408-988-4500 for more information.

NEW CNG Fueled Automated Collection Trucks

The new Milpitas Sanitation automated collection vehicle fleet will be powered by Compressed Natural Gas (CNG). Special vehicle design keeps the contents of your split carts separated during collection and transport. The benefits of using CNG:

• Reduced noise
• Reduced carbon footprints/CO2 emissions
• Reduced fuel cost (over long term).

On-Call/Bulk Item Clean ups

Four times a year at no charge, residents of single-family homes may place up to 3 cubic yards of garbage OR 1 large/bulky item. Examples include bulky items such as appliances, furniture, water heaters and other furniture. In lieu of the large/bulky item, an available item (like a TV, computer, copier, fax machine or VCR may be set out. Extra items can be collected for a fee. Please visit our website at www.MilpitasSanitation.com or call us at 408-988-4500 for more information.
