

Maintenance Worker III

City of Milpitas

Effective: June 1985

Revised: 10/07; 07/04;
11/04; 05/16

EEOC: Service

FLSA: Non-Exempt

Unit: MEA/Maintenance

Physical: 2

DEFINITION

To serve as Lead Worker over a crew within assigned area of responsibility, including either streets, facilities, recreation, utilities, parks or street landscape; to perform a variety of semiskilled and skilled tasks in the construction, maintenance and repair of public facilities including the areas of streets, recreation, facilities, utilities, parks and/or street landscape; and to perform the more complex and responsible tasks within the work unit including the training of less experienced staff.

DISTINGUISHING CHARACTERISTICS

This is the advanced journey level class in the maintenance worker class series. The Maintenance Worker III is distinguished from other classes in the maintenance series by the responsibility assumed by leading a crew and by the performance of the more complex and responsible duties assigned to positions in this series. Incumbents at this level typically possess specialized skills, knowledge and abilities, and work independently.

SUPERVISION RECEIVED AND EXERCISED

- Receives general supervision from assigned Senior Public Works Lead, Maintenance Supervisor or Public Works Manager.
- Exercises indirect supervision over assigned maintenance personnel.

EXAMPLES OF DUTIES - Duties may include, but are not limited to, the following:

- Serve as lead worker over an assigned crew in the areas of either street, utility, parks, street landscape maintenance, recreation, and/or facilities.
- Provide guidance and training to less experienced personnel.
- Assist assigned supervisor with daily supervision of personnel and the timely completion of assigned duties.
- Check work of assigned crew.
- Maintain timesheets and other records as appropriate.
- Ensure that safety measures and practices are utilized at all times.
- Oversee and participate in the performance of maintenance duties; heavy manual labor, operate construction and maintenance equipment such as trucks, tractors, sweepers, high-ranger, and skip loaders for a variety of construction and maintenance operations involving the maintenance of either streets, recreation, facilities, utilities, parks, and/or street landscape.
- Perform emergency maintenance work as required.
- Perform related duties as assigned.

When assigned to streets: Grade road shoulders and dig ditches; remove asphalt and replace with new road material; paint striping lines, cross walks and other street markings; maintain and install street name and regulatory signs; set up traffic safety devices and barricades as necessary.

When assigned to utilities or utilities stand-by: Repair water and sewer line breaks; dig ditches to lay and/or expose water and sewage lines; cut and replace damaged pipes; perform minor plumbing and electrical repairs; clean and remove blockages from sewage in storm drain lines; operate, exercise, repair, or replace water valves; install, repair, or replace fire hydrants, water meters, backflow devices, water main and service lines; flush water distribution system; collect water samples for analytical purposes; respond to water quality complaints; maintain records of system performance, maintenance, and repairs; respond to after hour calls; disinfect water mains and service lines after pressure reductions; install meter boxes.

When assigned to parks, trees and street landscape: Prune, mulch and provide weed control for public landscaping in medians, along sound walls and trails; water, mow and trim lawns; inspect city street trees for health and structural integrity, prune, plant, and treat city trees for pests and disease; provide roadside and ditch weed control; install, monitor and repair irrigation systems; apply chemicals and fertilizers.

When assigned to facilities: When assigned to facilities, pools, or landscape crew, performs a variety of duties at the skilled level to maintain and repair city buildings, structures and their attendant equipment. Duties include carpentry, painting, lock-smith, plumbing, electrical control systems, HVAC systems, read blue prints, build and assemble furnishings; balance and maintain proper water chemistry; monitor/adjust filtration equipment; calibrate chemical probes; maintain/repair filters, pumps, motors, lines, tanks; maintain and ensure all aspects of the Civic Center pond and Sports Center pool operations; meet state and federal health code standards; plant, water, mow and trim lawns; trim, prune and spray trees; install and/or maintain sprinkler systems; apply chemicals and fertilizers; provide training and assist the Facilities Supervisor or Public Works Manager in assigning and coordination of work; requisition of supplies and inspection of work performed by staff and contractors.
