ASSISTANT DIRECTOR OF FINANCIAL SERVICES

DEFINITION

Plans, organizes, and directs the risk management, investments, internal audit, management audit, performance audit, and Redevelopment Agency functions of the Department of Financial Services. Supervises and coordinates the work of staff engaged in operations related to assigned functional areas. Provides direct administrative and analytical support to the Director of Financial Services and assists in the overall management of the Department. Completes special projects as assigned.

DISTINGUISHING CHARACTERISTICS

The Assistant Director of Financial Services is a single position management classification within the Department of Financial Services with broad financial program administration responsibilities. It is distinguished from the Director of Financial Services in that the latter has overall responsibility for all operations, functions, sections, and divisions of the Department of Financial Services, including Administration, Purchasing, Accounting Services, and Fiscal Services.

SUPERVISION RECEIVED AND EXERCISED

Receives general direction from the Director of Financial Services.

Exercises direct and indirect supervision over professional, technical, and clerical staff. The Assistant Director may be assigned the responsibility to oversee the operations of one or more of the divisions in the Department or may be assigned to directly supervise one or more of the divisions/sections and act as Department Head in the absence of the Director of Financial Services.

EXAMPLES OF DUTIES - Duties may include, but are not limited to the following:

- ◆ Plans, organizes, directs, supervises, and evaluates Department staff, and services levels.
- ◆ Obtains, analyzes, and evaluates data as a basis for formal and objective performance of risk management, internal audit, management audit, performance audit, Redevelopment Agency, and investment functions.
- ◆ Plans, organizes, coordinates, and performs complex statistical and financial analysis and prepares financial and management reports.
- ◆ Assists in the development and implementation of the Department's goals, objectives, policies, procedures, and work standards.
- ◆ Works with internal and external audit staff and other City staff in review of accounting and operational systems and controls. Recommends changes to improve systems and control procedures as well as operational and performance improvements.
- ◆ Develops and manages the City's investment strategy and assists in evaluating and reporting on the City's investment portfolio.

- ◆ Determines whether financial transactions are properly accounted for and fairly presented, policies laws, and regulations are compiled with, assets are safeguard against loss, resources are managed in an economical and efficient manner, records and procedures are adequate to accomplished objectives, and desired results and benefits are achieved and objectives are met.
- ◆ Makes presentations to the City Council, City Management staff, various commissions and groups, and other meetings as required.
- ◆ Provides training to assigned staff as required.
- ◆ Provides support and advice as necessary to the Director, City Manager, and other City departments as necessary.
- ◆ Administers selected major projects as determined by the Director.
- ◆ Acts as the Director of Financial Services in his/her absence. Represents the Department of Financial Services with the public, other governmental agencies, and City departments as required.
- ◆ Performs related duties as assigned.
