The Milpitas Community Concert Band’s 24th season kicks off this Fall with two concerts. All MCCB concerts are designed to entertain you and your family, are always admission-free and serve light refreshments at the end. Donations are accepted at concerts (suggested $2 per person), and all proceeds are used solely to benefit the band.

Be A Part of the Band

The Milpitas Community Concert Band (MCCB), under the direction of Jeff Yaeger, is comprised of musicians with various backgrounds coming together to make music! The band continues to provide a supportive and an interesting outlet for its members’ musical growth, as well as provide an entertaining experience for its audiences and the community! In addition to band standards, MCCB performs a variety of marches, musical/Broadway selections, classical pieces, transcriptions and forgotten gems – some of which haven’t been performed in the Bay Area in decades.

MCCB performs several family-friendly concerts throughout the year and is a treasured musical presence at the City of Milpitas’ annual Veterans Day Ceremony and Holiday Tree Lighting events. The MCCB is always actively seeking new members who play Flute, any size Clarinet, Oboe, Bassoon, any size Saxophone, Trumpet, French Horn, Baritone Horn/Euphonium, Tuba, or Percussion. Musicians of various levels and ages are welcome to join. If you are an active performer or haven’t played in years, there’s a place for you in MCCB! Rehearsals are held Thursdays, 7:30P.M. - 9:30P.M., at the Barbara Lee Senior Center (40 N. Milpitas Blvd). The yearly registration fee is $30 per member.

**Art Show**: through September 14

**ALLEGORIES**

**Objective of the Exhibit:**
To use symbols or images to communicate a hidden or deeper meaning of an idea or concept through the artists’ interpretation.

**Exhibit Description:**
An allegory is a work of art in which the characters, images and/or events act as symbols to convey a message. In this exhibit, the images and symbols are expected to teach lessons, explain moral concepts, and show the artist’s views on certain situations or issues representing real-world occurrences. An allegory is a very specific type of story, as it must stay true to the message for the entirety of the story.

**Global Artists’ Creative Collaboration for Empowerment (GACCE)**
The Global Artists’ Creative Collaboration for Empowerment - GACCE is the only State registered art organization established in Silicon Valley California and fiscally sponsored by the New York Foundation for the Arts. The U.S. consumes 500 million straws a day. That’s over 182 billion straws a year! Take action and say NO to straws. Ask your local food businesses to stop using them, or tell local officials to ban straws. We’re in this together, and every little bit helps! More info: http://www.rethinkdisposable.org

Just say NO to straws!

End to end, straws used DAILY in the United States could circle the planet more than two and a half times.

That’s over 182 BILLION straws a year!

Straws are made from petroleum, a toxic and polluting non-renewable resource.1

Toxic additives such as colorants, plasticizers, antibacterial, and UV light filters threaten health and the environment.2

Emissions equivalent to a 3.1 million miles driven by an average passenger vehicle every year.3

Generates 442 million pounds of waste annually.4

Straws are one of the top 10 marine debris items found on our beaches.5

There will be more plastic than fish in the ocean by 2050. At least 690 wildlife species have encountered marine debris.6
